PRESIDENT NOT TO BE HERE FOR MEMORIAL DAY

President Dwight D. Eisenhower will be unable to participate in the Memorial Day exercises here.

The local committee was notified Tuesday by telegram from Augusta, Ga.

Attorney Richard A. Brown, chairman of the speaker committee, presented a long series of correspondence with the President's office in connection with the Memorial Day services at a meeting of the joint committee Tuesday evening at the American Legion home on Baltimore St.

The correspondence with the President, dated from last October, plus correspondence from Senators Martin and Duff, Governor Fine and Congressman Walter Stauffer, all of whom extended invitations to the President at the request of the committee, indicated that the President was considering very favorably an appearance at the Memorial Day exercises here — until the telegram Tuesday which stated that the President would be unable to be present this year.

Exercises On May 31
The correspondence indicated earlier that "in all likelihood" the President could be here.

Monday, May 31, at approximately 2 p.m., was set Tuesday evening as the time for the annual Memorial services. The activities will include the usual parade, followed by the strewing of flowers and National Cemetery ritual exercises and the rostrum program including a talk by a prominent speaker.

Attorney John MacPhail was named as master of ceremonies for the rostrum event, with the Rev. Clyde R. Brown, pastor of the Presbyterian Church here, giving the invocation and the Rev. Herman G. Stuenkel, Jr., pastor (Continued on Page 9)

L. F. LIVINGSTON SAYS U. S. HAS "BEST LIVING"

"Americans have the best living in the world today because the traditional American system has given us the freedom to create and develop it," Larry F. Livingston, manager of the Du Pont Company's Extension Division told the Upper Adams county Lions club at its meeting Tuesday evening at the Bendersville Grade school auditorium. Livingston spoke on "Program in Better Living."

President John P. Klinefelter presided at the meeting. The invocation was given by the Rev. Dr. O. D. Coble. Group was led by Earl Fohl and dinner music was provided by Miss Julia York.

Joseph Sweeney was inducted as a new member by C. G. Bucher. Introduced as guests were Charles H. Huber, J. Willis Beldier, Bert Frederick, John Frederic and James S. Browne.

Honor Past Presidents
Past presidents honored at the dinner included L. V. Stock, J. D. Miller, Lloyd W. Kuhn, M. LeRoy Zeigler, Sewell E. Kapp, Lloyd W. Kleinfelter, Clyde A. McCauslin, Cyrus G. Bucher, Harry P. Geiselman, Arnold E. Orner and Russell S. Hackman.

The committee in charge of the program included John C. Brown, chairman, Roy Starner, Cecil Snyder and Frank Swayze.

"We have the things we want because our system works better than any in the world," Livingston declared. "The story of the production of goods and services is the story of our standard of living."

Giving a "preview" of chemical developments of the future as well as the story of such well known things as nylon, Livingston displayed scores of new Du Pont chemical products, some of them new to the world.

By 11:45 o'clock borough police had located the lost pocketbook. It had been found that morning on the lawn at the Emmitsburg American Legion post.

Walkerfield Farm Near Zora Is Sold

"Walkerfield Farm," a 400-acre dairy farm near Zora, formerly owned by Mrs. Mabel Walker Wilberbrandt, former assistant U. S. attorney general under President Hoover, has been sold by Jonas, Mary M., Richard, and Florence Fleming, Fairfield R. D., to Miles H. and Elizabeth R. Davidson, Pottstown R. D. Possession was given immediately.

The sale was made through Lee M. Hartman, 56 Hanover St. The selling price was \$73,000, according to the deed.

Davidson has placed a registered herd of Shorthorn dairy and beef cattle on the farm and has also placed there a registered herd of sheep. Mr. and Mrs. Jonas Fleming plan to reside in an apartment on the farm, while Mr. and Mrs. Richard Fleming have moved to a new home on the Biglerville Rd.

JULIAN N. ESTEP IS SPEAKER FOR EXCHANGE CLUB

Gettysburg, one of the first Pennsylvania communities to use gas of some form, had an elaborate lighting system even in pre-Civil War times, Julian N. Estep, manager of the local district of Manufacturers Light and Heat Co., told the Exchange Club Tuesday evening.

Addressing a regular meeting of the Exchange at Banker's Restaurant, Estep told of the recent "tremendous" increase in local business volume and disclosed that 60 per cent of the district serviced by the Gettysburg branch has been re-piped.

In the last four years much of the two-inch piping laid in pre-Civil War times has been abandoned," he said, adding: "It was necessary to place piping of a larger size to meet consumer demand." Estep revealed that approximately 80 per cent of Gettysburg has been re-piped. He explained that the chief cause for re-piping in this district has been the turnover to natural gas for heating purposes.

Estep said he felt that 1954 will see a relaxation of restrictions and the delivery of greater quantities of gas to this area. He stated that at present gas companies purchase almost 75 per cent of their product from southwestern United States fields.

Estep said that the personnel of Manufacturers Light and Heat feel they are a part of the borough—even though we are sometimes forced to tear up portions of the community." He revealed how in Civil War times the men of the gas company remained on the job here until the first shell passed through the building.

Spent Half Million
Manufacturers Light and Heat established itself locally in the early 1930's by buying out the old Gettysburg Gas Corporation.

On the basis of 1953 figures, Estep stated that the company maintains a monthly payroll of \$12,000, and in the last year has spent better than \$25,000 in construction and laying of pipes for gas delivery in this district.

During a brief business meeting, the Exchange donated \$10 to the Salvation Army, and announced that work on the Recreation Field tennis courts is scheduled for this evening, Thursday afternoon and Saturday afternoon.

BIRTH ANNOUNCEMENTS
Mr. and Mrs. T. Donald McKewen, Baltimore, announced the birth of a son, Kevin Michael, at Mercy Hospital, Baltimore, last Thursday. Mrs. McKewen is the former Martina Smith, daughter of Mr. and Mrs. LeRoy Smith, Brunsdawn.

A son was born Monday at the Carlisle Hospital to Mr. and Mrs. George Mortoff, Gardners R. 2.

Appeals For Milk And Fruit Juices For French Wounded

HANOI (AP)—Brig. Gen. Christian de Castries sent out an urgent appeal today for milk and fruit juices to be dropped to the growing ranks of wounded trapped inside Vietnam's ringed Dien Bien Phu.

The heroic commander of the beleaguered fortress addressed his appeal to the people of Hanoi—French and Vietnamese.

The French have been unable since March 25 to get a plane in to evacuate the hundreds of wounded inside the fortress because of the constant pounding of the airstrip by mortar and artillery fire from the Communist-led besiegers. That was 12 days after the Vietnamese launched their first all-out assault by suicidal waves of fanatical troops to seize the northwest Indochina fortress.

Waves of transport planes still drop the supplies—guns, ammunition, food and medical supplies—and reinforcements needed to maintain the French Union forces standing boldly against outnumbering rebels.

Littlestown Gets \$1,571 County Aid

County aid totaling \$1,571.03 was approved by the county commissioners this morning at their meeting in the Court House for Littlestown borough. Littlestown is planning to use the money toward construction of a newly-constructed retail and wholesale store, Lincoln Highway East, Thursday, Friday, and Saturday.

Proprietors John C. Williams and J. Albert Shulley today announced the store will remain open "seven days a week" from 8 a.m. to 8 p.m.

In observance of the local opening, Shulley and Williams will present free fruit baskets hourly to patrons drawing "lucky" numbers.

Specials in fresh and frozen sea food lines will also be featured.

The one-story, 60 by 90 foot cement block structure is located on the Lincoln Highway approximately 1/2 of a mile east of Gettysburg. It is divided into wholesale and retail sections.

The store employs a staff of nine including Williams, an ex-air force instructor at Gettysburg College, and Shulley, former retail grocer here.

Patrons will be invited to inspect the new building, the banana room, the fish room, a 45-degree produce room, a ten-degree frozen seafood room and a dry storage room. The building was erected by David McDannell, Gettysburg contractor.

TO SPEAK HERE ON THURSDAY

Miss Alice Huston, field representative of the American Baptist Publication Society, will speak at the First Baptist Church, S. Stratton St., Thursday evening at 7:30 o'clock.

Miss Huston will demonstrate Baptist teaching aids and materials

DIES SUDDENLY AT BROWN'S DAM

Allen Rinehart, 69, of 1302 W. King St., York, died suddenly this morning about 11 o'clock at Brown's Dam, near East Berlin.

Rinehart is reported to have been standing along the bank and suddenly toppled into the water. Neighbors succeeded in recovering the body from the water.

A physician was called and said it is likely Rinehart suffered a heart attack which caused him to fall from the bank.

Dr. C. G. Crist, Adams County coroner, is conducting an investigation.

The Rinehart family has a cottage near the dam.

SENTENCE DEFERRED

Clyde A. Miller, Biglerville R. 1, pleaded guilty in York court Tuesday to operating a motor vehicle in Hanover on Jan. 25 while his license was suspended. He will be sentenced on June 21.

The speaker was reared in California and received a bachelor of arts degree from the University of Redlands. The next year she was granted a general secondary teaching credential from the same school.

Later she entered the Berkeley Baptist Divinity School from which she received her master of arts degree in Christian education. Since graduation from the divinity school she served as director of Christian education at Yakima, Wash., and at Waterloo, Iowa, prior to becoming a representative for the publication society.

An invitation for the public to attend has been extended by the Rev. Herbert N. Brownlee.

GUEST MINISTER

The Rev. Dr. Harvey D. Hoover, of the Lutheran Seminary, will speak at morning worship services Sunday in Trinity Lutheran Church, Camp Hill, while the church pastor, the Rev. Herbert W. Stroup Jr., is speaking at Redeemer Lutheran Church, Harrisburg.

OPEN NEW SEA FOOD CENTER

Shulley and Williams Distributors, of fresh fruits, vegetables and seafood, "Adams County's Complete Sea Food Center," will celebrate the opening of a newly-constructed retail and wholesale store, Lincoln Highway East, Thursday, Friday, and Saturday.

Proprietors John C. Williams and J. Albert Shulley today announced the store will remain open "seven days a week" from 8 a.m. to 8 p.m.

In observance of the local opening, Shulley and Williams will present free fruit baskets hourly to patrons drawing "lucky" numbers.

YORKER GIVES \$100 TO SCOUTS

A \$100 donation toward the Black Walnut District Boy Scout fund drive was received by officials Tuesday evening at a meeting of the York-Adams area Boy Scout Council held at York.

Attorney Eugene R. Hartman, chairman of the Black Walnut district, Attorney Edward B. Bullitt, Dean W. E. Tilberg and Attorney Daniel E. Teeter, who represent the district on the two-county council, were presented with the \$100.

They were told it was a donation by a York County resident. The amount brings to \$1,471 the amount collected for Boy Scout work in the district outside of Gettysburg. Gettysburg's contribution is raised through the Community Chest.

It was announced that 221 scouts have registered so far for the summer session at Camp Tuckahoe, near Dillsburg. Last year, up to the same time, 75 had registered.

Other reports show that York and Adams Counties have 4,200 scouts and scouters.

ELECTED TEACHER

Stanley M. Hostler, Bellwood, a graduate of Gettysburg College and now a student at Penn State University, was elected as a teacher of social studies in the high school of the Cumberland Valley Joint School System.

LICENSED TO WED

Donald E. Warren, Bendersville, and Shirley Ann Schultz, Cash-town, have secured a marriage license in Frederick.

When in Hanover, be sure to stop in at Kiff's, surplus and new, standard brands merchandise, 39 Baltimore St. "Bargain day is everyday." Open evenings.

Fr. Cyril Allwein Is Critically Ill

Rev. Fr. Cyril Allwein, rector of St. Andrew's Catholic Parish, Waynesboro, is in a critical condition in St. Joseph's Hospital, Lancaster.

He suffered a stroke last week, and last Sunday morning suffered another attack.

Rev. Allwein was formerly principal at Delone High School, McSherrystown.

UNEMPLOYMENT UP BUT PSES SAYS CHANGE "NOT SERIOUS"

Unemployment "increased" by approximately 68 per cent in Adams County during the first quarter of 1954 as compared to the first three months of 1953, but while the percentage showed a tremendous increase, local Pennsylvania State Employment Service officials said the situation is not as serious as the percentages would indicate.

The 68 per cent increase figure is based upon the 1,309 applications for unemployment benefits received during January, February and March of this year compared with the 779 received here in the same three months last year.

At the same time the PSES officials did note that employment is down slightly from last year, and held that part of it is a reflection of dropping employment in the York area.

However, the decline, translated into terms of number or men actually out of work, did not indicate a serious dip — except, of course to those who are unemployed.

25 Carpenters Seek Work
During the first quarter of 1954 a total of 1,309 applications were received by the local office for unemployment benefits. That number does not indicate that that many are unemployed. Actually, at the present time there is a total of 70 men listed on the files of the PSES office here as seeking employment.

A new note, unusual in the light of the experience of the years since the post war building boom started, is the presence of 25 men who are carpenters on the list of those seeking jobs. The group includes both union and non-union carpenters.

More Weeks Claimed
The increase in unemployment is marked particularly among men. Adams County normally has a technological unemployment of women during the first quarter of the year based on the canning season. A great number of women, particularly elderly women, at the close of the processing season, find it impossible to obtain other employment until the next canning season and thus are eligible to receive unemployment compensation.

7,145 Weeks Claimed
The records of the office show that during the first quarter of 1954, 7,145 weeks of compensation were claimed, 58 per cent by females. During the same period in 1953, 5,821 weeks were claimed, 70 per cent by women.

The benefits, based on average earnings prior to the request for compensation, range from \$10 to \$30 per week, and the number of weeks in which the compensation is given (Continued on Page 10)

Thomas M. Wege, 23, Littlestown, Is Killed When Car Runs Off Road And Overturns Early This Morning

Thomas M. Wege, 23, E. King St., Littlestown, was fatally injured early this morning when his car ran off the road and overturned near Brunsdawn.

Wege was traveling alone at the time of the crash. He was enroute home from a drill of the Hanover Legion Drum Corps.

The accident occurred on Legislative Route 01032, near Brunsdawn. The route is being used temporarily as the Hanover-Littlestown Rd. during construction on the regular Route 194 between Hanover and Littlestown. The scene of the crash is five miles from Hanover.

State Police from the local substation, who investigated, said the young man, a son-in-law of former County Commissioner J. Arthur Boyd, now a Littlestown restaurant proprietor, apparently negotiated a slight curve. His car then ran off the road, crossed back onto the road, went off the other side, struck an embankment which upset the car, demolishing it. The Navy veteran was thrown from the car.

Dies In Hospital

Two Virginians who came upon the accident went to the nearest home and called Hanover police.

Wege, still living, was removed to the Hanover Hospital in the Hanover Fire Co. ambulance. Police estimate the time of the crash at 1:35 o'clock this morning. Death occurred at 3:35 o'clock at the hospital. York County Coroner Lester J. Sell set the cause of death as a fractured skull and internal injuries. He said there would be no inquest.

An employee of Tri-Snow Spuds Inc., of Hanover, Wege had worked throughout the day, then had attended the drill before returning home.

He was a member of St. Paul's Lutheran Church, Hanover, and of the Hanover VFW and Amvets. He was a veteran of Navy service.

Funeral On Friday

Surviving are his wife, the former Mary Lou Boyd; his parents, Mr. and Mrs. Paul E. Wege, Hanover; a brother, Paul G. Wege, Hanover; his maternal grandmother, Mrs. Bessie Bollinger, Hanover; maternal grandfather, Robert Bollinger, Miami, Fla., and paternal grandfather, Mrs. Anna Wege, Hanover. Funeral services Friday afternoon at 2 o'clock from the Little Funeral Home with his pastor, the Rev. Paul L. Foulk, officiating assisted by the Rev. William C. Karns, pastor of St. John's Lutheran Church, Littlestown.

Interment in Mt. Carmel cemetery, Littlestown. Friends may call at the funeral home Thursday evening after 7 o'clock.

CHURCH WILL MARK ITS 97TH ANNIVERSARY

A special all-day program will mark the 97th anniversary and annual Homecoming service Sunday, at Wesley Chapel, Fountaindale.

Major J. D. Hockman will be the guest speaker at the morning worship services, at 10:30 o'clock, with special music by the Mont Alto Choir. Sunday School classes will begin at 9:30 o'clock.

A musical program will be given at 3 p.m. by the Men's Choir of St. Matthew's Lutheran Church, Hanover.

F. LaMont Heminger, district superintendent of the Methodist Church, will be the guest speaker at the evening service. Special music will be furnished by the Wesley Chapel Choir.

To Serve Meals

Luncheon and a supper will be served those desiring to remain throughout the day. All donations and offerings will be used to reduce the church debt. The public is invited to attend all services.

Wesley Chapel was built in 1857 on land provided by Jacob Buhrman for the purpose of erecting a meeting place for members of the Methodist Episcopal Church. Since that time no changes have been made in its native stone architecture.

A social hall has been constructed on the grounds for use by the church and community. The minister of the Wesley Chapel is the Rev. Kenneth Bonham, of the Mont Alto Methodist Church.

Joseph E. Miller Is Buried Today

Funeral services for Joseph Edgar Mullen, 51, of Emmitsburg, who died Saturday evening of a coronary occlusion, were conducted this morning at the Allison Funeral Home, Emmitsburg. The Rev. Fr. John D. Sullivan, pastor of St. Joseph's Church, officiated.

The pallbearers were: Rodney Abraham, Ivan Ohler, Clarence Eyer, John Hankey, Gene Cramer, and John Witherow.

Sen. Taylor Backs

Walker For Court

HARRISBURG, Pa.—Sen. M. Harvey Taylor, Republican state chairman, stood openly today for the candidacy of Sen. John M. Walker for the Republican nomination to the State Superior Court.

"Walker's my boy," he told a group which saw the honorary rank of Kentucky colonel conferred upon Taylor last night at nearby Hershey.

Taylor, who signed Walker's nomination petitions, did not attend a meeting of GOP party leaders when Judge George W. Griffith of Cambria County and former Judge Ralph T. Bell of Pittsburgh were endorsed for the party's Superior Court nomination. The party leaders previously had endorsed Judge Robert W. Woodside, now sitting on the Superior Court, for the third nomination.

LESS DANGER OF FOREST FIRES

HARRISBURG, Pa.—The State Forests and Waters Department today saw less chance of forest fires in the state as a result of heavy rains last weekend.

"The rain dampened the forests sufficiently to give them protection until all the leaves are out," said Horace B. Rowland, department protection division chief.

Rowland explained that once trees are covered with green foliage and sap is in the branches and twigs, the danger of serious fire outbreaks is alleviated.

Department records show that about half of the state's forest fires during the last 40 years occurred in the last two weeks of April and the first two weeks of May.

Prior to last weekend's showers, some sections of south-central Pennsylvania were in a dangerous condition from the effects of dry spells and comparatively mild weather, he said.

However, Samuel S. Lewis, forests and waters secretary, called for cooperation in preventing fires.

Nurse Burns To Death In Apartment

AVON, N. J. (AP)—The body of a woman burned to death early today in a garage apartment fire was tentatively identified as that of Miss Ann Marie Ralston, 37, a nurse in Pitkin Memorial Hospital, Neptune.

David V. Carter, hospital administrator, said circumstances indicate Miss Ralston is the victim since she did not report for duty today and was due to move into the three-room apartment. He said Miss Ralston, a nurse at Pitkin since 1944, was a 1938 graduate of the Lankenau School of Nursing, Philadelphia, and was a native of Buckingham, Pa.

Weddings

Joy—Rodkey

The wedding of Miss Janet Louise Rodkey, Taneytown, daughter of Luther Jacob Rodkey, Taneytown, and Mrs. Francis J. Smith, Littlestown, to John Benedict Joy Jr., son of Mr. and Mrs. John Benedict Joy, Union Bridge Md., R. 1, took place at 1 p.m. Sunday in Baust Evangelical and Reformed Church. The double ring ceremony was performed by the Rev. Miles Reifsnider, pastor. Mrs. Denton Wantz, organist, played the wedding music. The maid of honor was Miss Betty Jane Joy, sister of the bridegroom. Thomas Beichler, Baltimore, served as best man. A reception for about 150 guests followed the ceremony at the home of Mr. and Mrs. Luther Jacob Rodkey. On their return from a honeymoon in Florida the couple will reside on Broad Street, Taneytown. Mrs. Joy was graduated from Taneytown High School with the class of 1953 and is employed by the Birnie Trust Co. Her husband, a 1951 graduate of New Windsor High School, is engaged in farming with his father.

Garner—Hofe

Miss Ida Pauline Hofe, daughter of Adas Hofe, Taneytown, and the late Mrs. Edith Hofe, became the bride of John Oliver Garner, son of Roy Garner, Taneytown, and the late Mrs. Blanche Garner, April 9 at 7 p.m. at Grace Reformed Church, Taneytown. The pastor, the Rev. Morgan Andreas, performed the double-ring ceremony. A short recital preceded the ceremony with George Motter as soloist, accompanied by Mrs. Romaine Motter, organist, who also played the traditional wedding marches. The matron of honor, was Mrs. Donald Garner, sister-in-law of the bridegroom. Donald Garner, the bridegroom's brother, was best man. The bride was graduated from Taneytown High School in 1949 and is employed by the Carroll Rubber Co., Littlestown. Garner attended the same school and is employed by the Model Steam Bakery Co., Taneytown. The couple will reside at 35 Middle Street, Taneytown.

Cassatt-Watson

Announcement was made today of the recent marriage of Miss Darlene Watson, daughter of Mrs. Eva Watson, McSherrystown, to Leroy J. Cassatt, son of Mr. and Mrs. Oscar Cassatt, Orrtanna, R. D., in Grace Lutheran Church, Westminster. The double-ring ceremony was performed by the pastor, the Rev. Ellwood S. Falkenstein, in the presence of the immediate families. The bride was attired in a white lace gown with a shoulder length veil and carried a bouquet of rose buds and carnations. The couple was attended by Mr. and Mrs. Raymond Herring, brother-in-law and sister of the bride, Orrtanna R. D. Following the ceremony, a reception was held at the home of the bride. Mrs. Cassatt is employed by the Sylvania Shoe Company, McSherrystown. Mr. Cassatt works for the Fairfield Shoe Co. They will reside at 301 South St., McSherrystown.

L. F. LIVINGSTON

among a great many new products being created by industry which will raise the standard of living for everyone.

"Free To Create"

"America is strong because it is based on freedom to imagine and create new products, freedom to act and to distribute those products in a competitive market," he said. "We have our high standard of living because we have a vast industrial system in this country that converts raw or unfinished materials into useful products, which are the true wealth."

"Progress is possible only so long as it is the wish and the will of the people to maintain these conditions to keep it alive."

One of the new developments he discussed was titanium, a metal which has many of the desirable properties of stainless steel but is only about half as heavy. He said Du Pont started small-scale production of it only recently after years of expensive research in the laboratory. He expressed the company's hope that eventually the metal will provide an entirely new family of structural materials. Scientists all over the country are experimenting with it now, and testing it in a wide variety of applications.

The new Du Pont's man-made fibers, "Dacron" polyester fiber, is now in commercial production at a plant recently built in Kingston, N. C., Mr. Livingston pointed out. He said that some of the outstanding characteristics of "Dacron" were its wrinkle resistance and dimensional stability; while its keynote property is resilience. Markets for the staple yarn are expected in such things as suitings, slacks, knitting yarns and neckties; while markets for the continuous filament yarn are expected in skirts, blouses, dresses, lingerie, and many industrial uses.

Mr. Livingston also demonstrated a man-made fiber known as "Orlon" acrylic fiber. It is tough and resilient, and is now being produced in a new plant at Camden, S. C. The material is expected to find numerous uses in the textile field. "Its resistance to degradation by sunlight makes it a better material for use in curtains, and many other uses," he said.

"PRACTICE TENDERNESS"

The first thing every morning . . . and the last thing every night . . . I print her lips with kisses and . . . I hold her very tight . . . a very sweet beginning . . . and a most wonderful end . . . that's guaranteed to please my dear . . . making her hopes ascend . . . I have discovered long ago . . . that bits of tenderness . . . can drive away the woes of life . . . and temper all distress . . . just little warm embraces . . . or kisses fond and true . . . these are the things that paint the world . . . with skies of fairest blue . . . a loving word of sincere praise can also pave the way . . . to peace and real tranquility . . . that doubles day by day . . . so I will practice tenderness . . . because I know it's right . . . to kiss my love good morning and . . . to kiss my dear good night.

DIMPLED CAR WINDSHIELDS IS A MYSTERY

CLEVELAND, Ohio (AP) — More and more persons were chipping in with theories but the reason automobile windshields suddenly developed dimples still was a mystery today.

Two hundred new pockmarked windshields have been reported here to add to the thousands previously reported throughout the country.

Explanations ranged from vandalism to radioactivity and from grit to greenlins. Some even thought it really wasn't happening. But nobody seemed sure.

One theory—that radioactivity caused the chips, dents, scratches, or whatever they are—apparently was eliminated last week when Navy officials ruled out the possibility.

Finds Radioactive Material
But yesterday a scientist at Antioch College in Yellow Springs, Ohio, said he found radioactive material in dirt samples taken from tops of cars whose windshields were mysteriously pockmarked. The scientist, who asked to remain anonymous, hinted the radioactive particles had something to do with the dimples.

After every A or H-bomb test, he said, there may be measurable traces of "fallout."

In Cleveland, Stanley Cervenka, president of the B&B Glass Co., an automobile glass firm, blamed loose slag and gravel. He said: "It has to be either slag or gravel. If it was something in the air, it would have killed us and all vegetation long ago."

But Alben J. Preusser, city street commissioner, wouldn't accept that theory. "There is less slag on the streets now than in the last few years," he said.

Heart Attack Is Fatal To Editor

NEW YORK (AP) — Russell W. Davenport, 55, former Fortune magazine editor and aide to the late Wendell L. Willkie in his 1940 campaign for president, died of a heart attack last night at his Manhattan home.

Davenport had been chairman of the Board of Editors of Fortune and at the time of his death was director of the Institute of Creative Research, Inc. Before joining Fortune in 1930, he worked on the Spokane (Wash.) Spokesman-Review and on the editorial staff of Time, Inc.

He was coordinator of Willkie's pre-convention campaign for the Republican nomination in 1940.

U. S. WANTS TO HOLD INDOCHINA WITHOUT WAR

CINCINNATI (AP)—Vice President Nixon said last night the aim of the Eisenhower administration in Indochina "is to hold it without a war involving the United States if we can."

He left unanswered what the United States would do specifically if Indochina could not be held without direct American intervention.

Nixon commented last Friday that the United States might have to send armies to Indochina as a last-ditch effort in the unlikely event the French withdrew their troops. His remarks, delivered "off-the-record" to the American Society of Newspaper Editors, caused a congressional furor.

Keep Out Of War
The vice president outlined the administration's foreign policy at an annual University of Cincinnati dinner.

He declared it was the administration's aim and purpose "to develop policies which will keep us from having to send American boys to fight in Indochina or anywhere else if we possibly can."

A policy of strength and of united action "has the best chance to accomplish that purpose," he said.

If Indochina falls to the Communists, he warned, "the balance of power in the world may have shifted to the Communist side sufficiently that the men in the Kremlin and Peking may think that now the time has come when they can begin a world war and have a chance to win."

COURT PONDERES TWO QUESTIONS

PITTSBURGH (AP)—Who has the closer relationship to orphaned Patricia Ann Kuntz—her grandmother or an aunt? Shall she be raised a Catholic, as she was born, or as a Presbyterian?

The Pennsylvania Superior Court is trying to decide those questions in awarding the custody of 20-month-old Patricia Ann, both of whose parents were slain by a crazed killer in Grand Haven, Mich., in 1953.

The aunt, Mrs. Robert Stackhouse of Newton Square, near Philadelphia, is appealing to set aside an award of custody to Patricia Ann's grandmother, Mrs. Elizabeth Kovacs of Grand Haven.

Second Court Decision
Patricia Ann was first given to her aunt by a Michigan court. The Stackhouses have said they plan to raise her as a Presbyterian.

Then, in March, Mrs. Kovacs won custody of the little girl in Delaware County Court. That court said Mrs. Kovacs' kinship is closer than Mrs. Stackhouse's. It also noted that Patricia Ann's parents were Catholics, as is Mrs. Kovacs.

The Stackhouses' attorneys argued that the Delaware County Court didn't consider what was best for the child. Mrs. Kovacs' attorney replied that religion is the controlling factor.

The Superior Court reserved decision on the Stackhouse appeal.

Barlow 4-H Club To Meet May 3

A health meeting of the Barlow 4-H Club will be held Monday, May 3, at 7:30 at the home of Mr. and Mrs. Charles Holoka, R. 1. The club hopes to add to the membership. Any person between the ages of 10 and 20 will be welcomed to the club.

The first meeting was held April 3 at the home of Mrs. Paul Dorr, local leader, when these officers were elected: President, Mary Jane Schwartz; vice president, Audrey Yingling; secretary, Sandra Holoka; treasurer, Betty Dorr; news reporter, Ann Holoka; song leader, Neva Hartman; game leaders, Olwyn Schwartz and Shirley Eggleston.

Miss Mary Jane Mickey, county extension representative, explained the different projects. "Fun to Cook" was chosen for the summer's program.

Littlestown Rotary Meets On Tuesday

The Rev. David S. Kammerer, chairman of the Rotary music committee, was in charge of the meeting of the Littlestown Rotary Club Tuesday evening at Schottie's Hotel. The invocation was given by the Rev. Mr. Kammerer. Vocal solo selections were sung by Mrs. Patsy Crouse and violin solo selections were played by L. Robert Snyder, both accompanied on the piano by Mrs. L. Robert Snyder. Mr. Snyder is also a member of the music committee and assisted in arranging the program.

Theron W. Spangler introduced two visiting Rotarians: Paul E. Lawyer and Charles Havens, both of Westminster.

President Preston L. Myers announced that boys and girls night will be observed at the meeting next Tuesday at 6:15 p.m. and the Rotarians will attend with their sons and daughters as their guests. The fellowship and attendance committee, composed of Clarence R. Reck, chairman, Lloyd L. Stavelly, Charles E. Rabenstein, Charles E. Rafter, Richard A. Little and Arthur E. Bair Sr., will be in charge of the program.

GE WILL SPLIT COMMON STOCK

SCHENECTADY, N. Y. (AP)—A management proposal to split General Electric Co. common stock three shares for one has gained overwhelming approval of a firm's shareholders.

Owners of 22,371,152 shares voted in favor of the conversion at GE's annual meeting here yesterday. Owners of 56,005 shares voted against the split, which will lower the stock's cost per share.

GE has about 250,000 stockholders.

President Ralph Cordiner reported that first quarter sales in 1954 totaled \$715,596,000, a drop of 8 per cent from last year's record-breaking first quarter figure of \$777,819,000.

Earnings showed a gain. They amounted to \$48,029,000, or \$1.67 a share, an increase of 42 per cent over the \$33,849,000, or \$1.17 a share, for the corresponding 1953 period.

Cordiner told the stockholders that GE planned to spend a record 175 million dollars for plant expansion and equipment in 1954.

BABY GIRL IS KILLED

POTTSTOWN, Pa. (AP)—An 18-month old girl died in Pottstown Hospital today after she was found unconscious in the driveway of her home in Schwenksville.

State policeman George Tuckey said he believed the child, Sandra Miller, was struck by an automobile and that the driver drove off unaware of the accident. Montgomery County Coroner John P. Simpson ordered an autopsy.

DUFF WANTS CD TO OCCUPY GAP TEMPORARILY

WASHINGTON (AP)—Sen. Duff (R-Pa.) will recommend that the Civil Defense Administration accept the Army's offer to give the agency temporary headquarters at Indian-town Gap, Pa., it was learned yesterday.

An aide said Duff reached this decision after being advised again that the Army does not intend to allow the agency permanent occupancy of part of its facilities at the Gap.

T. A. Young, special assistant to the secretary of the Army, said in a letter to Duff that the Army had reconsidered its earlier decision but had again concluded that it could not permit civil defense to move into the Indian-town Gap Military Reservation's unoccupied hospital on a permanent basis.

The letter said that to permit civil defense to occupy part of the hospital in time of war might violate the Geneva convention and other international agreements on safeguarding of the wounded.

Duff's aide said the letter was interpreted to mean that the hospital might not be considered by an enemy to be safe from bombing or other attack if a government agency were occupying part of it.

"Consequently," the aide said, "Sen. Duff is going to appeal to civil defense to accept the Army's offer to permit civil defense to move to Indian-town Gap on a temporary basis."

The Army stipulated that civil defense would have to vacate the hospital on 30-day notice and not make any major alterations during its occupancy.

Young's letter also said that "as a permanent solution the Department of the Army is willing to transfer the area known as T2 to the federal civil defense administration without any restrictions."

There was no identification of the T2 area, but Duff's aide said it was assumed the area is one that civil defense has inspected but turned down.

Governor Pardons Bert "Yank" Levy

HARRISBURG, Pa. (AP)—The only blot on the record of Bert (Yank) Levy, who taught "the quick silent death" to World War II servicemen, has been erased after 27 years.

Gov. John S. Fine signed a full pardon yesterday for the 57-year-old guerrilla combat expert, wiping out a 1927 holdup conviction in Philadelphia. Levy served six years of his 25 to 50-year sentence and then was deported to his native Canada.

At a hearing last month before the State Pardons Board, an attorney said Levy now is a helpless cripple—who wants nothing more than to wipe out the only blot on his record. He is now living in Los Angeles.

58-Year-Old Farmer Too Busy To Campaign For Governor

By LEONARD A. UNGER

HARRISBURG (AP) — Gordon F. Chamberlin, 58-year-old farmer who wants to be governor, is too busy putting in his crops to conduct an active campaign.

"My farm comes first; the governorship, next," he told a newsman. "After all, it's my bread and butter."

Chamberlin, who has a 63½-acre farm in Paxinos R. D., Northumberland County, says he doesn't have "too much confidence" about winning the Republican nomination for governor.

His opponents are the organization-backed candidate, Lt.-Gov. Lloyd H. Wood, and Thomas S. Stephenson, Altoona, president of the Pennsylvania Home Rule Assn.

5 Weeks Behind
Chamberlin, called to the telephone while performing a plowing chore, said he was six weeks behind in his cultivating schedule because of wet weather and then said:

"If I had to do it over again, I wouldn't have gone into this political stuff."

The May 18 primary campaign comes at the wrong time for a farmer, he said, adding:

"With my farming, I'm all tied up. You've got to plant the crops when the season comes. There's little or no time for a farmer to go out talking politics in the spring."

Chamberlin spent \$50 in filing his nomination petitions with the State Elections Bureau. Asked if he thought the money was wasted, he said:

"I wouldn't say it was wasted. I may win out. You know there's a lot of things could be made better—hunting, fishing, taxes, and stuff like that. I think we're paying too much for what we're getting."

Chamberlin, whose education

ended with the eighth grade in a township school and who was born and reared on the family farm, said he has been talking politics now and then with his neighbors.

"I guess you can say it's a front doorstep campaign. I visited my daughter near Easton during Easter and talked to some people there. You can call that a campaign trip."

The farmer candidate, a lifelong Republican who admits he deviated from his party only once in voting for the late President Franklin D. Roosevelt, said he has been considering a television appearance.

"I checked with a Philadelphia station. I found out it costs \$2,210.80 for two 15-minute television programs over 25 stations in Pennsylvania. Isn't that a lot of money?"

The telephone interview ended and Chamberlin went back to his plowing. He hung up on:

"If it's between my farm and politics, all I have to say is that a bird in the hand is worth two in the bush."

Directors Hear Hospital Report:
Only routine business was transacted at the April meeting of the directors of the Annie M. Warner hospital Friday evening.

The report of Miss Martha McKay, superintendent, for the month of March was presented as follows:

Patients admitted, 66; discharged, 56; births, 5; deaths, 5; number in house on last day, 30; average number per day, 26; radiographs, 93; laboratory examinations, 245; operations, 42; basal metabolism, 2; electrocardiogram, 1; accident cases, 20; intravenous administrations, 4; return dressings, 16.

Dorsey Dougherty, president of the board, presided. Directors present included John D. Keith, F. A. Waybright, E. M. Bender, J. Harry Holtzworth, C. A. Bixler, E. C. Livingston, Dr. George D. Stanley, F. M. Stoner and David Blocher.

County Couple Is Married Saturday: Miss Margaret Elizabeth Lupp, daughter of Mr. and Mrs. John F. Lupp, Ardenville, and Raymond Slaybaugh, son of Mr. and Mrs. Albert Slaybaugh, Centre Mills, were married Saturday evening at the home of the bride's parents by the Rev. Murray E. Ness, pastor of the Ardenville Reformed Church.

Dr. Wentz Will Attend Lutheran Meet, Copenhagen: Dr. A. R. Wentz, professor of church history at the Gettysburg Seminary, will attend the second Lutheran World convention at Copenhagen, Denmark, June 26 to July 4, as a delegate from this synod.

Dr. John Aberly, president of the seminary, is an alternate delegate. More than 250 delegates and several thousand visitors representing the Lutheran church in 21 countries of the world will participate in the convention.

Two Local Women In Procession Of Pages In Capital: Two Gettysburg women, Mrs. Walter H. Danforth and Mrs. Guile W. Lefever, were honored by the delegates to the DAR convention in session this week in Washington, by their election to the group of pages to serve during the present conference. This is considered a distinct honor and the Gettysburg chapter is given recognition by the selection of two members to this group.

Other Gettysburg delegates attending the convention include: Mrs. Henry W. A. Hanson, Mrs. J. E. Musselman, Mrs. Frank Peckman, Mrs. Victor Dutera, Miss Mary McConaughy and Mrs. J. C. Knox.

Two Former County Commissioners Die Within Eight Hours: Two former Adams county commissioners, Reuben H. Lupp, Menallen township, and Abraham G. Keagy, Littlestown, last members of the boards on which they served, died within eight hours of each other Tuesday. Both men were prominent farmers and each helped to organize banks in their respective communities. By co-incidence both were vice presidents of their banks at the time of their deaths.

Mr. Lupp, aged 69, was one of the most prominent residents of the Ardenville-Biglerville community. He was a lifelong member of Trinity Lutheran church and was a teacher in the Sunday school until his last illness. He assisted in the organization of the Ardenville Union park and the South Mountain Fair, of which he was vice president when he died. His exhibit of products raised and produced on his farm, their number running into the thousands, was unique and never failed to attract unusual attention. He was elected county commissioner in November, 1919. In 1906 he helped organize the Biglerville National bank and served as a director until his death. He was one of the promoters of the rural telephone system in upper Adams county and was a director of the Adams County Fruit Packing and Distributing company since its organization.

Mr. Keagy was elected a commissioner in 1896. He was a director of the Littlestown National bank since its organization.

Today's Talk

By GEORGE MATTHEW ADAMS

TALK BETWEEN FRIENDS

We could live in a mansion, have lands galore, and much money in the bank, but without friends to talk to, what would it all amount to? Stevenson said that this should be the main business in this world, and calls talk between two or more, "the most accessible of pleasures. It costs nothing in money. It is all profit."

When we part with friends of an evening, or at any time, we keep thinking back to all that was said, and so keep the warmth of companionship ever about us. It was this business of "good talk" that immortalized Dr. Samuel Johnson. Faint echoes of delightful talk linger among the books and about the walls of my library, creeping into the tightly packed shelves of books, where all this talk likes to hide.

We would be neither healthy nor happy going through our days without stimulating talk between interesting people and ourselves. Working my way through college, I was once a night clerk at one of the town's hotels. The lobby was heated in the cold months by a big stove with a fender around it, where guests would sit and talk for hours I often joined them and learned much by listening, and at times slipping a few comments. No matter where we contact people there is something new to be learned.

Again I quote from Stevenson who said: "Language is but a poor bull's-eye lantern wherewith to show off the vast cathedral of the world." Go into the dining room of a hotel. The happy people are those whom you note as talking, often excitedly. Something seems to have gone wrong with the silent diners!

The best part of a meal with a friend is that friend's talk—or should be. The best part of a journey is the talk that is invited by strangers. Many a time have we discovered a friend for a lifetime thereby!

Tomorrow Mr. Adams will talk on the subject: "Your Adventureous Mind."

Just Folks

JOY TIME

Winter's been a grim, old cuss,
Full of grief and gloom,
But 'twill leave no scars on us
When the lilacs bloom.

See them budding by the fence,
And the roses, too?
Now the peonies commence
Bravely breaking through.

Winter was a dreary time,
Hard for all to bear,
But the ramblers start to climb
And we've ceased to care.

We'll forget the sleet and snow
And those days of doubt
When the summer breezes blow
Blossoms all about.

SCHOOLS In Quest Of Security, Peace

By Leighton C. Taylor

(Continued From Page 1)

ical or technical, but moral and spiritual—our schools must educate for moral and spiritual values. Upon the spiritual outlook of young Americans, upon their moral sensitivity, upon their sense of personal responsibility, more than upon any other factors, will rest the future of our institutions and our way of life.

In meeting these objectives our elementary and secondary schools occupy a unique position. Excluded only the most seriously handicapped, elementary and secondary education, universal in its scope, serves a vast range of talents, intelligence, and interests. Its pupils come from every race, creed, and economic group.

Not An Easy Task

Teaching these young people so as to encourage their healthful growth, their satisfactory adjustment to one another and to the world around them, and their steady progress through a succession of subjects and skills, is no easy task.

A first consideration, therefore, is more good teachers. Without a good teacher there is no school. To secure and retain first-class teachers is no simple matter. For one thing, salaries and working conditions must be made sufficiently attractive to excite interest in the profession on the part of young men and women with natural teaching aptitudes. Teachers are going to exert more influence upon the development of the next generation than any other group in the nation. Teachers will indelibly affect the mental health of tens of millions of young people, and they will transmit to their students standards of behavior that will shape both individual lives and civic affairs.

Combination of Forces

Before me is an item from a New Jersey newspaper in which the writer asks, "What is a teacher?" Answering his own query, he says, "to some people she is a person to be outwitted whenever possible; to some parents she is just a baby sitter for their children."

In her proper perspective, however, the teacher is a combination of many forces. She is the link that binds the home and the community together for the building of future citizens. Potentially, in today's world, she is expected to be a technician, an artist, and a social engineer—in other words, a paragon of perfection.

A teacher interacts each day with many personalities, and at no time is she expected to be irritated by, or to dislike, any child. She is no longer just a judge and taskmaster, but a guide and counselor with a flexibility of plans that seek to meet the needs of each individual pupil under her care. Moreover, she must be a morale builder for parents, to give them reassurance that they are succeeding as parents, and seek their cooperation. May I repeat, "without a good teacher there is no school," and none but the very best available should be employed.

"Citizenship" Is Important
In your correspondent's opinion, a particularly important subject in any educational system should be that of "citizenship." Training for

citizenship cannot be overemphasized. Young people in America today are in need of accurate information concerning the origin and nature of our institutions and traditions. They should know that this great heritage of theirs was founded in the name of their Creator, and that the founding fathers invoked HIS help and inspiration in providing for them greater liberties and freedoms than are enjoyed by any other people the world over. At a time when western civilization is meeting one of its severest tests, High School students should be well acquainted with our nation's history, and should understand the relation of the present situation to what has gone before.

Devotion To Welfare

Furthermore, intelligent citizenship means devotion to the general public welfare. His is closely allied to the inculcation of moral and spiritual values, civic responsibility constituting one of the areas in which values are to be developed and applied. Patriotism is not to be learned from a lecture or reading assignment. The true love of country flows rather from the complex experiences which form the student's life—the family, the church, and the whole community contribute to the final result as much as the school. But the school, through its unique program, may bring about that synthesis of experiences from which the student will derive abiding values.

Loyalty To Country

Someone has said: "From a child's birth it is a citizen of this country. These new-born babies must grow up knowing a loyalty to their country. They must be given an education which develops their minds to their fullest capacity. They must learn to keep their minds open and to be honest with themselves. This is our responsibility. Thus we can assure a new and secure generation of good citizens."

Lack of space precludes discussion of other phases of a prospective educational system, but may I say in conclusion that what the young people in our educational institutions learn, how they are trained to think, what moral principles they embrace, and what attitudes guide their actions, will determine the future of this nation, and to a great extent the course of world history. They must be given every assistance within our power to prepare themselves for this challenge. The responsibility rests heavily upon those who man our schools; but in the last analysis, it must be borne by all the people. On the timeliness and wisdom of the people's decisions depend the safety of America and the prospects of peace in the world. Permit me to add, as an afterthought, the following, which are

NLMA Will Give 4 \$500 Scholarships

WASHINGTON (AP)—Four \$500 scholarships for forestry school students in North Carolina, Pennsylvania, Michigan and Indiana were announced yesterday by the National Lumber Manufacturers Assn.

The winners, chosen from among senior and graduate students nominated by 17 of the country's leading forestry schools, included Samuel A. Marquette, 24, State College, Pa., Pennsylvania State University.

Each will receive a cash award of \$500 and 10 weeks of summer training at the Washington, D. C., laboratory of the Timber Engineering Co., research affiliate of the Lumber Manufacturers Assn.

basic and fundamental in the founding and growth of our country, and with which, in my judgment, every high school graduate should be familiar or know about.

Lincoln's Gettysburg Address

He should know and love our composite American Charter, comprising the Constitution of the United States and the Bill of Rights, the Declaration of Independence, Washington's Farewell Address, and Lincoln's immortal pronouncement at Gettysburg.

He should know and love America's cultural heritage: Our American poetry, literature, music and art, together with our customs and traditions.

He should know and respect the symbols of America—our beloved Stars and Stripes, and our great songs—the Star Spangled Banner, America and Battle Hymn of the Republic. And he should faithfully and reverently observe our National Holidays—the birthdays of Washington and Lincoln, Independence Day, Memorial Day, Thanksgiving and Christmas.

He should know and love, and, if possible, see the shrines of America: Independence Hall, Concord, Lexington, Mount Vernon, Springfield, our National Capitol, the Supreme Court of the United States, the White House, the Washington Monument, and the Lincoln and Jefferson Memorials.

He should develop the personal qualities of an American—health and vitality, thrift and diligence, industry, humor and love. With a mind unclouded by distrust and fear, and with a clear conscience, his allegiance should be to God, his country, and his fellow man.

Good Business In 1954 Is Predicted

PHILADELPHIA (AP)—Both the president and the chairman of the board of Sun Oil Co. say they expect 1954 business to stay near that of 1953.

Board Chairman Joseph N. Pew told the stockholders yesterday that the company expects 1954 business to be about the same as 1953 when the company reported gross operating income of more than 670 million dollars and net income of \$45,153,602 equal to \$5.85 per share of common stock.

President Robert G. Dunlop said after the meeting that Sun sales were about 5 per cent ahead of last year and added that the company would be "disappointed if overall sales for the year are not ahead of last year."

Warriors Meet Hanover Here Thursday In Opening Game Of South Penn Loop Season

Gettysburg High School will inaugurate its home baseball season and the South Penn League schedule Thursday afternoon at 3:30 o'clock when Hanover will be met on the field at the Recreation Park. Last year Gettysburg and Hanover were declared co-champions of the league.

Coach Howard Shoemaker's Warriors opened their season last Wednesday when they dropped a 9-8 decision at Boiling Springs, the Bubbler's pounding over five runs in the last inning to snatch the decision.

The Warriors lineup will probably be the same as that of last week and will include the following: Danny Roth, 2b; Cloyd Spence, 1b; Bobby Rohrbaugh, cf; Sam Staley, ss; Dick Hise, 3b; Del Richardson, p; Ed Kane, c; Fred Furney, 1b, and Joe Bushey, rf.

Shippensburg and Chambersburg will play on the latter's field Thursday to complete the league schedule.

Hanover and Chambersburg have been picked as favorites to scrap it out for the 1954 championship.

Hawks Have 8 Vets
Eight lettermen are included on the Hanover roster, five of whom were regulars last season. The regulars from last year are Ken Leister, c; George Rohrbaugh, ss-2b; Rodney Gohrecht, 1b; Dale Hoff and Larry Rohrbaugh, of. Other lettermen are Phil Whisler, p; Steve Radzil, 2d; Don Wallick, c. Whisler, a left-hander, is expected to hurl against the Warriors.

Coach Jack Fisher of Chambersburg has five lettermen, Ralph Tolbert and George Trail, p; Jake Corwell, c; Bob Jacobs, ss, and Bill McMorris, 2b.

Shippensburg, which has announced it is playing its last season of baseball, has four lettermen. They are Bill Weaver, p; Bob Smith, 3b; Tom Kling, ss, and Dick Angle, 1b.

Gettysburg has only three lettermen in Rohrbaugh, Roth and Richardson.

EASTERN OPENS 32ND SEASON

ALBANY, N. Y. (AP)—The Class A Eastern Baseball League opens its 32nd season today with Allentown's Redbirds returning to professional baseball after a year's absence.

The Pennsylvania city takes over the franchise given up by Scranton, Pa. Allentown was left without a club when the Class B Interstate League folded at the close of the 1952 season.

Each team will play 140 games this season—14 less than last year. The Reading (Pa.) Indians will open defense of the title at home in a night game with Allentown. The only daylight game on the opening card finds the Wilkes-Barre (Pa.) Barons playing the Grays at Williamsport, Pa.

The other arc-light opener pits Albany's Senators against the Blue Jays at Schenectady and the Elmira Pioneers against the Triplets at Binghamton.

HIT WITH GOLF CLUB; GIRL DIES

BETHLEHEM, Pa. (AP)—An eight-year-old girl died yesterday minutes after she was struck on the neck by a golf club by a playmate.

The victim, Virginia Wismer, collapsed in the kitchen of her home and died in her mother's arms. Northampton County Deputy Coroner George Kametz ordered an autopsy.

Bethlehem police quoted the playmate, Betsy Fox, 11, as saying she was teaching Virginia how to swing the club. Virginia, who was standing behind her, caught the full force of a demonstration swing, she said.

Virginia was one of four small daughters of Mr. and Mrs. Frank K. Wismer. The father is assistant superintendent of labor and construction for the Bethlehem Steel Co.

ADAMS COUNTY BASEBALL LEAGUE
Tight games marked the opening of the Adams County Scholastic Baseball League, Tuesday, as Biglerville, Boiling Springs, Fairfield and York Springs got off on the right foot with victories.

Despite being out 11-8, Biglerville edged New Oxford on the latter's field 6-2. Eight New Oxford misuses enabled the Cannons to win handily. In the first inning Hartman walked and Terry Hutton, Canner third baseman, hit a terrific drive which nearly cleared the creek beyond right field for a homerun. George Spangler, New Oxford hurler, rapped a double and single for his losing cause.

Boiling Springs, defending champions, upset Littlestown 7-4 at Littlestown. The Bubbler's made use of six walks in the opening inning to tab three runs. Littlestown knotted the count at 4-4 with three runs in the last of the fourth inning but Boiling Springs picked up a run in the fifth and won two more in the sixth to cap the decision.

Fairfield, unbeaten to date, turned back the invading East Berlin outfit 5-2 as Ed Spence turned in a three-hit pitching performance. Ralph McGregor, East Berlin, permitted only five hits in the well-played game.

Ronnie Weigle fanned 14 batters and allowed only three hits as York Springs triumphed at Newville 4-1. Cashman poled two of the eight safeties secured by the winners.

It was announced the New Oxford-East Berlin game on Thursday will be played on the New Oxford diamond due to the Indians' being without a suitable field.

Kellner was breezing along toward the first no-hitter in Griffith Stadium since 1931 when Terwilliger, a .235 hitter, rapped one back through the middle.
"I didn't feel too bad," Kellner said. "You figure a feller is lucky to pitch a no-hitter."
Kellner walked three and struck out six. He had retired 15 men in a row before Terwilliger broke the string.
Fireballing Virgil Trucks picked up his first 1954 victory for the White Sox as he checked Detroit on six hits.
Phil Chase Preacher
The Cardinals used five pitchers against the heavy-hitting Redlegs and none of them toiled with any success. Memo Luna, a \$75,000 winter purchase, lasted only two thirds of an inning in his first starting role and was charged with the loss.
Venerable Preacher Roe made his first appearance of the season for the Dodgers but the Phillies were ready for him and sent him to the showers in less than five innings. The deciding blast was a mighty home run by Del Ennis with a man aboard.
The Giants picked on Pittsburgh rookie Nelson King for three runs in the eighth inning to give them a comfortable margin after building a 3-2 edge against Paul LaPalme, who left for a pinch hitter.

2ND GRADERS TO BE GIVEN POLIO VACCINE SOON
HARRISBURG (AP)—Dr. Russell E. Teague, state health secretary, said today his department hopes to see the beginning of polio vaccine inoculations to school children in the second grade by April 24.
"We have had word from the National Foundation for Infantile Paralysis that the vaccine should be available by that date," Teague told a newsmen.
The drug, administered nationally on an experimental basis for the prevention of polio, will go to children in Centre, Clinton, Mercer and McKean Counties.
Teague said the department hopes to have the vaccine on hand by April 24 in order to complete the inoculations by the end of the school term.
Three Shots Required
Three shots are required, the first two a week apart and the third two weeks after the second. Response from parents to permit the inoculation of their children, Teague said, has been very good. Some 5,000 children in the four counties will receive the shots.
Teague said some communities have come through with "100 per cent" permission by parents to have the children undergo the inoculation. Many others are approaching that mark.
The polio vaccine was developed by Dr. Julius Salk at the University of Pittsburgh and has drawn the highest hopes yet as a possible preventative of death-dealing and crippling infantile paralysis.
To Get Gamma Globulin
Teague said at the same time, that Pennsylvania this year will receive a larger supply of gamma globulin than it did in 1953.
Aimed at preventing paralysis in persons contracting polio, the drug will be used in what Teague termed "minor community outbreaks." This would include summer camps, he said.
Last year gamma globulin, available only on a limited scale, was administered only to persons in the immediate family of those developing polio.
"We don't propose to use gamma globulin in family contacts this year," Teague said.

SOFTBALL LOOP WILL PLAY 45 GAME SCHEDULE
Additional plans for the coming softball season were made at a meeting of officials of the Gettysburg Softball League Tuesday evening at the Moose Home, York St.
An adjustment was made in the scheduling of games for each week after a request for a chance was made by the Little League. It was decided that two games will be played each Monday evening instead of Wednesday evening as previously planned, single games being listed for other evenings during the week.
Three rounds of games, a total of 45 contests, will be played with the regular league season the top four teams will engage in Shaughnessy playoffs for the playoff title.
Bernie Cole, Bob Brennan and Nick Jones were named as umpires and Bobby Kenworthy was selected as the official scorer.
The next meeting will be held Tuesday evening, May 11, at which time forfeits will be posted, rosters approved and the schedule adopted.
Johnny Grindler, president, presided at the meeting at which all teams, with the exception of the Texas Lunch, were represented.

Trucks Wins One
Kellner was breezing along toward the first no-hitter in Griffith Stadium since 1931 when Terwilliger, a .235 hitter, rapped one back through the middle.
"I didn't feel too bad," Kellner said. "You figure a feller is lucky to pitch a no-hitter."
Kellner walked three and struck out six. He had retired 15 men in a row before Terwilliger broke the string.
Fireballing Virgil Trucks picked up his first 1954 victory for the White Sox as he checked Detroit on six hits.
Phil Chase Preacher
The Cardinals used five pitchers against the heavy-hitting Redlegs and none of them toiled with any success. Memo Luna, a \$75,000 winter purchase, lasted only two thirds of an inning in his first starting role and was charged with the loss.
Venerable Preacher Roe made his first appearance of the season for the Dodgers but the Phillies were ready for him and sent him to the showers in less than five innings. The deciding blast was a mighty home run by Del Ennis with a man aboard.
The Giants picked on Pittsburgh rookie Nelson King for three runs in the eighth inning to give them a comfortable margin after building a 3-2 edge against Paul LaPalme, who left for a pinch hitter.

2ND GRADERS TO BE GIVEN POLIO VACCINE SOON
HARRISBURG (AP)—Dr. Russell E. Teague, state health secretary, said today his department hopes to see the beginning of polio vaccine inoculations to school children in the second grade by April 24.
"We have had word from the National Foundation for Infantile Paralysis that the vaccine should be available by that date," Teague told a newsmen.
The drug, administered nationally on an experimental basis for the prevention of polio, will go to children in Centre, Clinton, Mercer and McKean Counties.
Teague said the department hopes to have the vaccine on hand by April 24 in order to complete the inoculations by the end of the school term.
Three Shots Required
Three shots are required, the first two a week apart and the third two weeks after the second. Response from parents to permit the inoculation of their children, Teague said, has been very good. Some 5,000 children in the four counties will receive the shots.
Teague said some communities have come through with "100 per cent" permission by parents to have the children undergo the inoculation. Many others are approaching that mark.
The polio vaccine was developed by Dr. Julius Salk at the University of Pittsburgh and has drawn the highest hopes yet as a possible preventative of death-dealing and crippling infantile paralysis.
To Get Gamma Globulin
Teague said at the same time, that Pennsylvania this year will receive a larger supply of gamma globulin than it did in 1953.
Aimed at preventing paralysis in persons contracting polio, the drug will be used in what Teague termed "minor community outbreaks." This would include summer camps, he said.
Last year gamma globulin, available only on a limited scale, was administered only to persons in the immediate family of those developing polio.
"We don't propose to use gamma globulin in family contacts this year," Teague said.

SOFTBALL LOOP WILL PLAY 45 GAME SCHEDULE
Additional plans for the coming softball season were made at a meeting of officials of the Gettysburg Softball League Tuesday evening at the Moose Home, York St.
An adjustment was made in the scheduling of games for each week after a request for a chance was made by the Little League. It was decided that two games will be played each Monday evening instead of Wednesday evening as previously planned, single games being listed for other evenings during the week.
Three rounds of games, a total of 45 contests, will be played with the regular league season the top four teams will engage in Shaughnessy playoffs for the playoff title.
Bernie Cole, Bob Brennan and Nick Jones were named as umpires and Bobby Kenworthy was selected as the official scorer.
The next meeting will be held Tuesday evening, May 11, at which time forfeits will be posted, rosters approved and the schedule adopted.
Johnny Grindler, president, presided at the meeting at which all teams, with the exception of the Texas Lunch, were represented.

ADAMS COUNTY BASEBALL LEAGUE
Tight games marked the opening of the Adams County Scholastic Baseball League, Tuesday, as Biglerville, Boiling Springs, Fairfield and York Springs got off on the right foot with victories.

Despite being out 11-8, Biglerville edged New Oxford on the latter's field 6-2. Eight New Oxford misuses enabled the Cannons to win handily. In the first inning Hartman walked and Terry Hutton, Canner third baseman, hit a terrific drive which nearly cleared the creek beyond right field for a homerun. George Spangler, New Oxford hurler, rapped a double and single for his losing cause.

Boiling Springs, defending champions, upset Littlestown 7-4 at Littlestown. The Bubbler's made use of six walks in the opening inning to tab three runs. Littlestown knotted the count at 4-4 with three runs in the last of the fourth inning but Boiling Springs picked up a run in the fifth and won two more in the sixth to cap the decision.

Fairfield, unbeaten to date, turned back the invading East Berlin outfit 5-2 as Ed Spence turned in a three-hit pitching performance. Ralph McGregor, East Berlin, permitted only five hits in the well-played game.

Ronnie Weigle fanned 14 batters and allowed only three hits as York Springs triumphed at Newville 4-1. Cashman poled two of the eight safeties secured by the winners.

It was announced the New Oxford-East Berlin game on Thursday will be played on the New Oxford diamond due to the Indians' being without a suitable field.

TWO-HEADED BABY IS DEAD

WASHINGTON, Ind. (AP)—Indiana's two-headed Hartley baby, which had survived an attack of pneumonia, died yesterday of a respiratory ailment. The baby was 4 months and 8 days old.

The fatal illness developed suddenly. With a temperature of 105 degrees the baby was rushed 13 miles from its home at Petersburg to the Daviess County Hospital, where it was born Dec. 12.

The hospital said both heads were blue when it was admitted. The weaker side died first, the

other side 15 minutes later.

The baby, child of Mr. and Mrs. Cecil Hartley, had two heads, two sets of shoulders, four arms, three lungs, two hearts and two stomachs. Below the waist it had a single body.

SEVEN KILLED IN PLANE CRASH

BURBANK, Calif. (AP)—Seven lives were lost when an Air Force flying boxcar smashed against a fog-hidden mountain yesterday. The wreckage and most of the bodies burned.

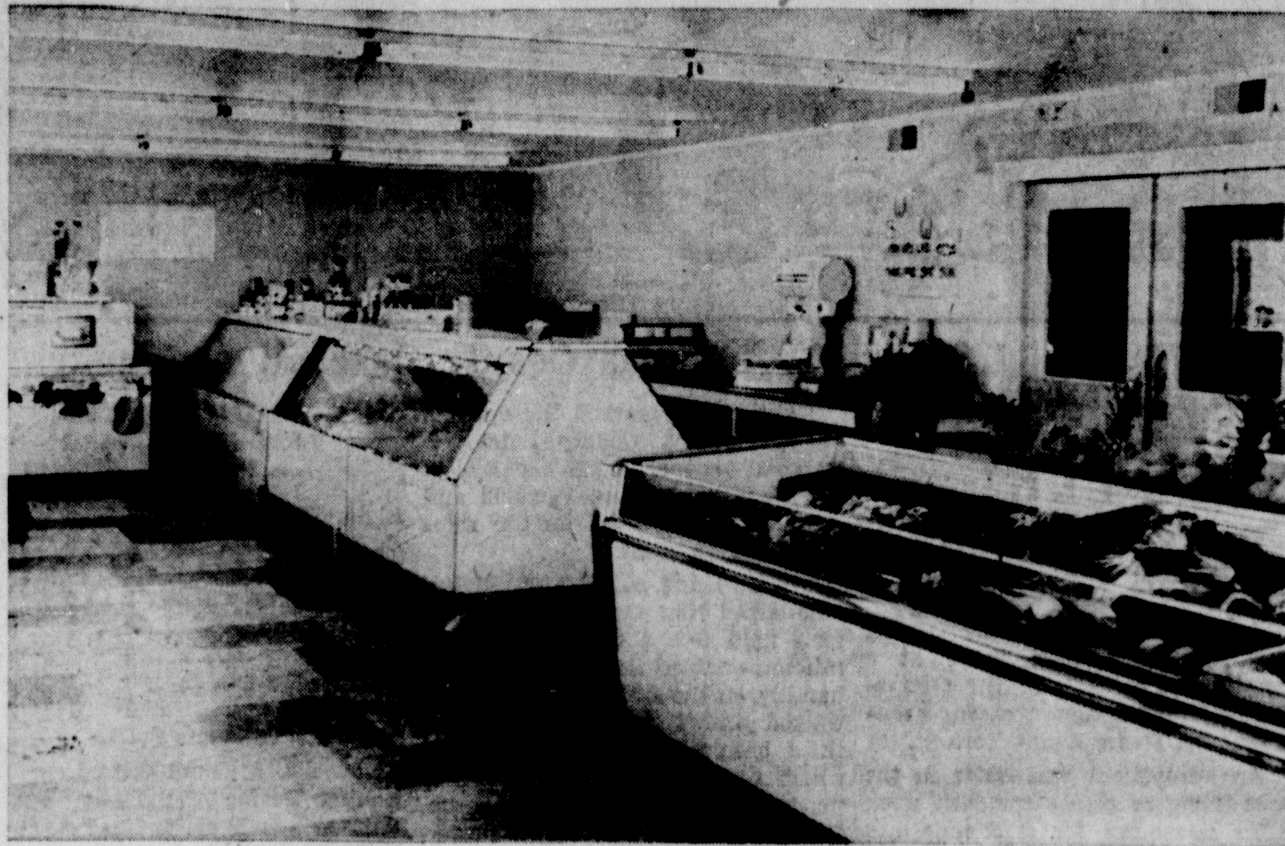

The C119 from Charleston, S. C., was making an instrument approach to Lockheed Air Terminal here when it struck Mission Peak in the Santa Susana Mountains, 14 miles away.

Pilot of the big craft was 1st Lt. Harry Maurer, of Quakertown, Pa.

Three bodies found under heavier sections of wreckage were not burned. Firemen dragged hoses more than a mile up the steep mountainside from pumper trucks parked on a narrow road below, but remains of the plane burned for several hours.

The ship, on a training flight, also was to pick up supplies here for its Charleston base.

DRIVER KILLED IN TWO CRASHES

LEWISTOWN, Pa. (AP)—A motorist thrown onto the highway in an accident to his own car was struck and killed by another car early today.

The victim was Elmer E. Grose, 37, who lived in Lewistown but worked in the Enola yards of the Pennsylvania Railroad near Harrisburg. He was furloughed by the railroad several months ago.

The automobile Grose was driving left the highway on Rt. 22, near here, and ran over an embankment. The car turned over several times and then rolled back onto the highway.

Grose was thrown from his car and landed on the highway where

Ike Is Extending His Vacation Time

AUGUSTA, Ga. (AP)—President Eisenhower has decided to prolong his vacation here, after an interruption tomorrow and Friday for a series of speeches.

The President's headquarters announced late yesterday that he will fly back to Augusta Friday night from Kentucky. Indications when he arrived here April 13 were that the vacation would end tomorrow.

Eisenhower will leave by plane tomorrow afternoon for Washington where he will make a quick trip to Constitution Hall to talk informally at the annual convention of the Daughters of the American Revolution.

ELECT SHEADS PRESIDENT OF IMPROVEMENT CORPORATION

Members of the Fairfield Improvement Corporation Monday night elected C. L. Sheads president of the civic group chartered to "encourage the establishment, growth, and expansion of industry" in Fairfield.

Other officers appointed were Wilbert Fleming, vice president, and Wesley Schaible, secretary-treasurer. Directors named at the meeting in the First National Bank, Fairfield, are: E. H. Newman, George Steinberger, Howard C. Diehl, C. L. Sheads, and Wilbert Fleming.

The group set the first Monday of each month as a meeting date, and disclosed that the Improvement Corporation-sponsored shoe factory, in Fairfield, will be completed in the near future.

Purposes Listed
The corporation charter, filed recently with the Adams County court, stipulates that in addition to encouraging industry it also will act to "foster the growth of economic, social and recreational life and to aid in matters relating generally to civic improvement."

Present members include: C. L. Sheads, Howard Diehl, Wilbert Fleming, George Steinberger, J. B. Waddle, J. Harry Kane, E. H. Newman, Newman's Market, Harold K. Deardorff, John Reindollar, O. E. Shultz, S. L. Allison, Olmer Spence, Mervin I. Weikert, Dr. Ira M. Henderson, Donald E. Crouse, Sterling Musselman and Wesley Schaible.

Shields said adult residents of airfield and other interested persons may enroll as members by application to the Improvement Corporation.

Members of the Fairfield Joint High School Projection Club were recently notified of their acceptance by the School Projectionist Club of America.

The club, faculty advisor Edgar M. Glenn said, is set up to assume the duties and responsibilities of projecting educational motion pictures and other visual in the classroom.

President of the Fairfield organization is Thomas Dolly, and secretary, David George. Members qualify by meeting requirements set up by the national organization, whose office is in State College.

BENDERSVILLE GETS NEW FIRE ENGINE EARLY NEXT MONTH

Bendersville Community Fire Co. is scheduled to receive its new 50-gallon pumper fire engine either May 7 or 14, officials of the company said today. The company making the engine had originally promised a mid-April delivery, but now he set the new dates for completion.

At the same time the company, with donations of approximately \$4,900 on hand and with more than \$6,000 expected from Civil Defense funds towards purchase of the new fire engine, expressed the hope that proceeds from this year's carnival will be sufficient to permit the company to pay most of the cost of the new machine this year.

In connection with the purchase of the new engine Clyde P. Orner wrote a brief history of the fire company. His history follows:

Hose Cart Over 50 Years Ago
A water system was installed in Bendersville in 1899. A hose cart was apparently purchased soon thereafter. This was used for fire protection in town only, using water from the fire plugs.

In 1921 a hand drawn chemical tank was purchased. This was used until several of the firemen lost their trousers at fires when the chemical was accidentally sprayed on them, and W. C. Geatts, general store was destroyed by fire. The equipment was deemed inadequate.

A general town meeting was called and the Fire Company, reorganized as a community Fire Co., held its first carnival in 1931.

New Engine House
This provided a down payment on a fire truck which was promptly purchased. This afforded fire protection not only to the town but surrounding community as well. The first call came from John Black, a chimney fire, on March 4, 1932.

Much progress has been made since then. The Fruit Growers Hall was purchased and turned into a Community Hall. Additional land was purchased for a parking lot. This was graded and used as a recreational field known as the "Apple Bowl."

Brush and rocks were cleaned away and a beautiful park was made with fire places, tables swings and sliding boards added.

Two years ago a new engine house was built when the rented building became unsafe.

Warm Weather Brings On Orchard Bloom

bers, the membership has increased to approximately 200 and nearly every man in the community has his name on the rolls.

A Ladies Auxiliary was organized years ago and they have been playing an important part.

The present pumper is now 22 years old and the new and more modern engine is greatly needed.

During these many years the Bendersville Community Firemen have become known for the quick response in getting to a fire. Last year an alarm came from Ohler and Woods store, merchants in town. The siren blows for three minutes and the firemen were there with the truck and had water on the fire before the siren completed the 3-minute cycle.

If the warm weather continues, Adams county's annual blossom festival should be started by this weekend and should be at its peak about May 1—similar to the scene in the Knouse orchards shown in the accompanying illustration.

Assistant County Agricultural Agent Fred Attinger said a tour Tuesday through the county, from the Quinn Topper orchards, near Emmitsburg, to Mrs. Eva Pape's farm at Gargoyles, in the northern part of the county, indicates that "the blossoms are really pushing."

The survey showed some orchards leaped from the delayed dormant through the pre-pink and pink stages into almost full bloom since a similar survey was made last Wednesday. In most of the early for the siren completed the 3-minute cycle.

blossoms are wide open and the

cluster blossoms are just about ready to open.

To aid tourists visiting the area, the Adams County Fruit Growers Association is placing arrows and signs leading off main roads through the concentration of orchards in the county.

Plums Opened First

The white plum blossoms, while orchards of them in some sections, heralded the annual display of natural beauty throughout the county fruit growing section.

The peach blossoms will possibly be at their peak this weekend.

With approximately 800,000 trees in the county, 195,765 peach, 220,697 cherry and 380,316 apple, all in commercial orchards, and not count-

ing thousands of others on farms not listed as commercial fruit producers, the fruit section should present an spectacle worth viewing any time within the next two weeks.

SAYS LEADER CAN WIN

HARRISBURG (AP)—Mrs. Helen D. Sutton, vice chairman of the Democratic Primary Campaign Committee, said today she thinks Sen. George M. Leader, organization-backed candidate for governor, can duplicate the recent victory of Gov. Robert E. Meyer in New Jersey.

A female bullfrog can grow to a length of 10 inches and a weight of 3½ pounds.

FARM CALENDAR

Diverted Acres — Because of acreage allotments, many Pennsylvania farmers are having to figure what they will put in the acres they will take out of wheat and corn. Dr. H. R. Albrecht, director of agricultural extension at the Pennsylvania State University, suggests that these diverted acres be used for grassland farming.

Paint Buildings — The life of a farm building can be increased by 10 to 16 years simply by applying paint when needed, says Charles Burress, Penn State extension agricultural engineer. Inspect all buildings and figure the amount of paint needed, but don't wait too long. Spring and fall are good seasons for outside painting.

Control Disease — Raspberry diseases are very destructive to plantings and result in lower yields and quality of fruit, reminds Allen Bauer, Penn State extension plant pathologist. Use disease-free plants in new plantings and locate them where berries have not grown for

four or five years.
Treat for Parasites — To control internal parasites, Frank Kreuzberger, Penn State extension livestock specialist, recommends drenching older sheep with phenothiazine this spring. Also keep a 1 part phenothiazine 9 parts salt mixture accessible to the flock.

Chicks Get Aid — Antibiotics will not take the place of an adequate diet in promoting the growth of young poultry, says Robert Bocuher, Penn State biological chemist, but they will help the chicks to utilize their feed efficiently.

Use Nitrogen — Apply a nitrogen fertilizer, 1 pound to 100 square feet, wherever mulches are used in flower beds, suggests A. O. Rasmussen, Penn State extension ornamental horticulturist.

MARRIAGE IS HEALTHY

DILLSBURG AND TWP. OFFICIALS DISCUSS FULL TIME POLICING

At a recent Dillsburg Borough Council meeting, all councilmen attended in addition to Burgess John Hoffman, Secretary Harter, Treasurer Wierman, Police Officer Fry and Attorney Miller.

Councilman Cromer reported on the sewer situation stating that one additional owner has authorized a sewer connection. Attorney Miller added that at the next meeting he would have a program to present for the borough to start legal proceedings against the few remaining property owners who are not connected to the sewer system.

Councilman Grove of the streets committee reported that a complete survey has been made of the town road system and that specific projects would be submitted at next council meeting for approval after which needed street improvements could get under way. He also mentioned that most of the street signs have been erected and that the balance will be erected shortly.

Police Officer Fry reported that a new stop sign has been erected at Hanover and Second Sts. and that the public should be so advised to avoid violations. It was also stated that several property owners on Welly Ave. Extended had agreed to place curbs and gutters before any street surfacing was attempted.

Councilman Grove also mentioned a tentative agreement with one property owner who anticipates developing a new section of the borough.

President Flohr introduced the subject of full time police protection, also introducing the Carroll Township supervisors who attended the meeting. Following a lengthy discussion it was agreed to hold a future meeting when a specific proposal would be available. All were in agreement on the necessity of securing full time police services.

A special election was held to fill the vacancy made by Merle Cook leaving the borough and Grove Hess of the Dillsburg Farm Supply was named to fill the post for the unexpired term.

Police Officer Fry reported several complaints concerning dangerous pavement conditions within the borough and the secretary was instructed to notify the property owners.

Kinter And Grove Undergoing \$30,000 Expansion Program

A \$30,000 expansion program in order "to make better feed at lower costs" is underway at Kinter and Grove Inc., Dillsburg.

Lloyd L. Kinter, owner of the corporation, said today that the installation of new machinery in the milling division of the warehouse, and the construction of another story above the present milling room for the new equipment and additional storage space, will be completed about June 1.

The new equipment, two mixers, a pelleting machine, a crumbing machine and a sifter, plus present equipment, will permit the plant to produce from 75 to 100 tons of poultry and dairy feed per day, an increase of approximately 60 per cent.

Kinter said the increased production, which will also reduce the amount of labor needed to produce each ton of feed, will permit some reductions in the cost of feeds.

The new machinery will make it possible for the organization to produce "the best feed in our history," he added. The brand name for its feeds is "K and G Feeds."

The plant was established in 1938 by Mr. Kinter and the late Clyde Grove as a partnership. Mr. Grove died in 1951.

ABOUT THE "DON AMECHE"

Made a long distance call the other day through Gettysburg, and the operator had a real pleasant voice. "Oh you're that fella that writes for the Times" ... I tried to get her name in vain ... must be against the rules. They oughta have a TV attachment on the phone. Then a guy could see just what these long distance operators look like. Kinda frustrating to hear a pretty, musical voice and not know what the owner looks like ... Say, I gotta idea! Why not get all the United Telephone gals together and take a picture ... Then we'll get the Times to print it. OK? Any of the United presidents read this column? Any of the operators? How about the servicemen—then any of the janitors? ... Janitor's wife? Anybody at all! ... Speaking of operators—Dillsburg will lose its telephone gals this summer, when the dial system will make its appearance. This long promised new fangled gadget has been coming to Dillsburg for about six years—so I won't believe it till I see it ... Sorta hate to see those old fashioned crank phones go ... One nice thing about 'em, the operator could always find you when you got a call ... Once she traced me all the way to Harrisburg for a long distance call—With the new system—you either answer the phone, or else! Has its advantages though—gonna put a lot of Phone-Busy-bodies out of business. Sad note to the whole thing ... Helen, Minnie and Thelma will have to hunt some new jobs ...

THIS'N THAT ... Gettysburg Hotel had an ad in the paper for a waitress t'other day. Ad looked so enticing that I answered it myself. If you see me in a dress waiting on tables in the hotel dining room, you'll know I got the job! ... Fella wrote in to the Times office requesting ten copies of the Times of a certain date ... Paul Roy, the editor was overjoyed—If he can just sell everybody ten copies of the Times, we'll be as big as the New York papers ... Next time the boy scouts have a paper drive—order two or three extra papers every day ... for a week or two ... You'll drive the Times staff nuts! ... Remember folks: spring is here, and according to the garages—"You should have your body washed and polished ..."

... IN A CHARGE??? H.H.

DILLSBURG ART TEACHER TALKS AT AACG MEET

Robert Paxson, art instructor in the Dillsburg Junior High School, demonstrated block printing and silk screen methods at a meeting of the Associated Arts and Crafts Guild of Adams County Monday evening at the YWCA. Mr. Paxson used the techniques which he employs at the Dillsburg school. Included in his demonstration was an instruction on wood cuts. The speaker displayed samples of his work. Each member of the Guild received a sample of an art poster made on a silk screen.

Before the business session a social hour was held during which Miss Jean Thomas, Miss Barbara Kelder and Mrs. Lorraine Routsong served refreshments. Plans were made for a trip to Baltimore early in June to visit Walter's Art Gallery. Members planning to take the trip will meet at Haussner's Restaurant in Baltimore for dinner.

The names of Mrs. Dorothy Dely and Mrs. Rhea Gingrough were added to the nominating committee. Elections will be held in June.

A gift of silver was presented to Miss Alma Cluck by the organization in honor of her forthcoming marriage to Walter A. Keeney, Gettysburg, in June. A board meeting will be held Sunday at the home of Ernest Krape, R. 5. The next regular meeting will be held at the home of Dr. Frank H. Kramer, 140 W. Broadway, May 17. Dr. Kramer will speak on "Oriental Art."

BIRTHDAY PARTY

Mr. and Mrs. Paul A. Fullmer, Gettysburg St., entertained at a birthday party recently for their daughter, Gale Diane, on her 9th birthday. Games were played and an Easter egg hunt was held on the lawn. Present were Harry Miller, Donald Harlacher, Charles Grove, James Plank, James Metzger, Robert Gasswint, Jane Dick, Diane Seibert, Darlene Stum, Janet Grove, Jo Anne Grove, Susan Arnold, Janet McMurtrie, Linda Page and Sue Wetzel.

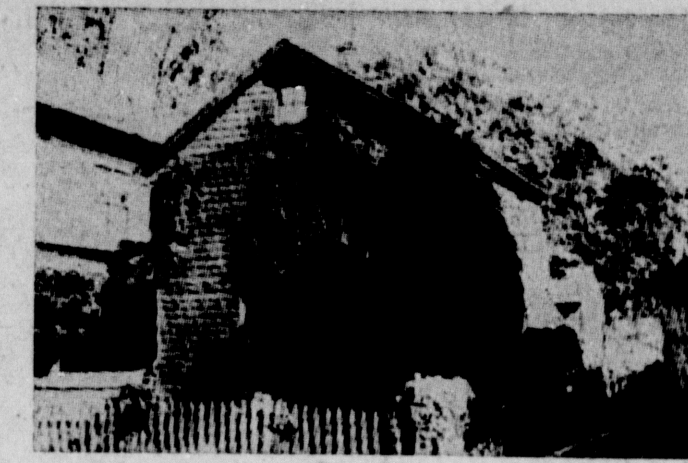

MANY AT EGG HUNT

The annual Easter Egg Hunt, sponsored by the local V. F. W. Post 6771, was postponed from Saturday to Easter because of inclement weather. A free movie was shown to the children on Saturday afternoon. Judging by the large turnout, the hunt was most successful this year.

SENIOR CLASS TRIP

The Senior Class of Northern Joint High School will take a trip May 24 to May 29 to Atlantic City and New York City. The P. H. A. of Northern High School is sponsoring a bake sale May 1, 9:30 a.m. in front of Spoerlein's Dress Shop.

The Old Dill House

A part of the tavern that was the basis for the establishment of Dillsburg still stands today, a mute remembrance of ancient days of the country—when it was still an English colony.

The old Dill house, shown in the photograph above, is now incorporated in the Logan residence, but the structure shown once was part of the original tavern established by James Dill on the main road to Carlisle from Dillsburg. Dill's tavern was licensed in 1773 and 1774 and as homes were erected around the tavern, the community that was to become the borough of Dillsburg began.

MRS. RIDER IS PRESIDENT OF WOMAN'S CLUB

Dillsburg Woman's Club met Tuesday evening in the Presbyterian Social room with the president, Dr. Martha L. Bailey, presiding. Conservation of natural resources was the topic with Mrs. Paul Fullmer, chairman. A film on "More than Timber in Trees" was shown. A United States flag was presented to the club by Dr. Bailey.

The proposition of reforestation was discussed and members voted on it as a club project for the ensuing year.

On Thursday the County Federation meeting will be held at Railroad, Pa., with Mrs. Lloyd Bentz and Mrs. Clyde Smith as delegates.

Election of officers for coming year resulted as follows: President, Mrs. Charles Rider; first vice president, Mrs. Isaac Lehmer; second vice president, Mrs. Paul Hoffman; secretary, Mrs. George Germeyer; corresponding secretary, Mrs. Paul Ehrlich; treasurer, Mrs. Helen Cocklin. Hostesses for the evening were Mrs. John O. Hoffman, chairman, and her committee.

NEWS OF THE ILL

Mrs. Paul Lindon was confined to her bed this past week with a foot ailment. Mrs. T. C. Fair hurt her leg in a fall last week at her home.

DULLES ARRIVES AT PARIS FOR NATO PARLEY

PARIS (AP) — U.S. Secretary of State John Foster Dulles arrived here today to attend the meeting of the North Atlantic Treaty Organization and to consult with Western allies on strategy for the Geneva conference.

He was greeted at the airport by French Foreign Minister Georges Bidault who will be his guest at a private dinner this evening when they will review the Indo-Chinese question and other problems coming up at Geneva.

Dulles told newsmen Friday's NATO meeting is of "special significance, for one of its purposes is to take notice of the fact that five years ago this month the North Atlantic Treaty was signed. That was an historic event."

Claims Progress

"In the past five years," Dulles said, "we have made impressive progress in translating the symbolic act of banding together in the midst of a common danger into the reality of an effective common defense. Of equal importance is the habit of continuance—I could truthfully say—daily consultation in the Council of the North Atlantic Treaty Organization."

Dulles said Friday's meeting would be a continuation of that

McPherson, Lewis Confer On Old Inn

State Senator Donald P. McPherson of Gettysburg and Burgess H. A. Kottcamp met with Samuel S. Lewis, Secretary of Forests and Waters, in Harrisburg Monday to discuss the retention of the Log Cabin Inn property at Caledonia Park.

The conference was the result of the state's renewed interest in the renovation of the Log Cabin Inn, providing an equitable agreement can be consummated with a reputable lessee.

Secretary Lewis has taken under advisement a tentative plan for restoration of the inn building and will, within the near future, advise Burgess Kottcamp of the processes necessary to effect a lease.

process of consultation. In such fashion, he added, the 14 member countries would be able to perfect their understanding of each other's problems.

"On this understanding," he said, "on a common purpose, the future of all of us depends."

Dulles made no mention of the talks he planned to have in Paris on the Geneva conference.

An informed American source here said earlier the United States would stand by its decision to oppose an expected Russian move to turn the Geneva meeting into a "Big Five" conference with Red China—even if such opposition broke up the conference.

BUS STRIKE IN SECOND DAY

HARRISBURG (AP)—Harrisburg's bus tieup went into its second day today without any sign of settlement of a wage dispute between the Harrisburg Railways Co. and its 250 bus drivers.

The Capital City's 90,000 population took the halt of bus service in stride but traffic jams of private automobiles were noted during morning and late afternoon rush hours.

"The bus drivers went on strike yesterday after months of negotiations failed to produce an agreement with the bus line on terms of a new wage contract."

The bus drivers, getting \$1.58 cents an hour, asked for an increase of 22 cents an hour. The company offered a boost of 5 cents an hour.

Thousands of state workers, among others, adopted makeshift methods of getting to work and going home. Many used their own cars, others rode "courtesy cars" operated by the striking drivers or thumbed rides. Some walked.

The striking drivers operating "courtesy cars" along the bus line's routes do not charge for the service but accept donations.

DEMS APPOINT NEW TREASURER

HARRISBURG (AP) — David V. Randall, Lykens, has been appointed treasurer of the Democratic primary campaign committee.

Randall, a coal company executive, was the Democratic congressional candidate in the Dauphin-Lebanon-Juniata-Perry district in 1952.

The announcement was made yesterday by Patrick E. Kerwin, campaign manager for the party-endorsed slate in the May 18 primary election headed by State Sen. George M. Leader, York.

Leader is opposed for the Democratic nomination by William D. McClelland, Allegheny County coroner, and Charles J. Schmitt, Erie County realtor.

Leader went to Northampton county today to confer with county Democratic leaders of that and surrounding counties. He will be guest tonight at the 50th anniversary dinner of the Democratic Jacksonian Assn. in Easton.

Saturday he will talk in York with Mayor David L. Lawrence of Pittsburgh, Democratic national committeeman.

At the same time, Roy E. Furman, Democratic organization candidate for lieutenant-governor, will speak at the 50th anniversary dinner of the Bethlehem Democratic Club.

ANNOUNCE CHANGES SUNDAY

HARRISBURG (AP) — Ministerial changes will be announced Sunday at the end of the five-day annual East Pennsylvania Conference of the Evangelical United Brethren Church which opens late today.

Ministers and lay delegates representing 22,000 church members in eastern Pennsylvania are expected at the 115th annual session. Bishop George E. Epp's Episcopal message begins the conference.

SEIZE RECORDS OF COIN DEVICES

WILLIAMSPORT, Pa. (AP)—The city yesterday subpoenaed records of some 100 owners and distributors of coin operated amusement devices and owners and proprietors of establishments where they are operated.

The move was part of a 3 1/2 month battle over a new 10 percent tax on the gross business of all such machines. The tax was effective yesterday but no applications for a permit to operate under the new ordinance were received.

Charles Bidelspacher Jr., city solicitor, said he recommended issuance of the subpoenas in an effort to get on the record the amount of revenue received from the machines. City Council estimated it would collect a total of \$60,000 from the new tax for the year of 1954.

A group of owners and distributors of the devices has asked the Lycoming County Court for an injunction to stop the city from collecting the tax and the city has been directed to show cause why the injunction should not be granted.

Under the new ordinance places where the machines are operated would apply for permits. A seal would be affixed to each machine and it would be opened only in the presence of one of the city's two tax agents. In this way the city would have a record on the business done by each device.

The subpoenas order the recipients to produce their records showing profits from the machines for the year of 1953 and for 1954 to date.

CUT HIGHWAY MAIL SERVICE

MARTINSBURG, W. Va. (AP)—Post office sources here say the highway mail service from Harrisburg, Pa., to Winchester, Va., will be abbreviated beginning next Sunday in an effort to reduce costs.

The service, which runs daily except Sunday, will be only from Harrisburg to Hagerstown, Md., and back on Saturdays and holidays. On other days, the service will continue as at present, from Harrisburg to Winchester through here and intermediate points by way of Shepherdstown, W. Va.

Post Offices affected by the service cut will be taken care of by extension of and additional trips by Star Route carriers now operating.

The new program stemmed from a conference here more than a week ago when postmasters from Hagerstown, Boonsboro, Keedysville and Sharpsburg, Md., met with West Virginia and Virginia postal officials on the route.

It was pointed out the government must pay its postal employees time and a half for Saturday and holiday work.

Engineer Aboard Ship Dies At Sea

PORTLAND, Maine (AP) — The tanker Samoset arrived today with her flag at half mast for the ship's second assistant engineer, who died at sea yesterday.

Medical Examiner Wilbur F. Leighton said that Wilson G. Davidson, 55, of New York apparently succumbed to heart disease. His body was found in his cabin shortly after he finished his midnight to 4 a.m. watch.

Convicted Slayer Denied New Trial

WILKES-BARRE, Pa. (AP) — The five-member Luzerne County Court yesterday refused a new trial for Jonah Roberts, 46-year-old Edwardsville textile worker convicted of slaying his wife, Mary, June 10, 1952.

Judge J. Harold Flannery, who presided at Robert's trial in February, 1953, handed down the panel's 62-page opinion which said the record of Roberts' trial "contained no error that calls for granting of a new trial."

Judge Flannery said he would sentence Roberts "within a week."

Roberts claimed two hitchhikers killed his wife and wounded him. The death weapon was never recovered.

The commonwealth contended he shot his wife while on a ride in a mountain area east of here, then shot himself in the shoulder.

McCarthy Uses T-Formation Again; "Throws In Something New" With Good Timing, Crowd

By JAMES MARLOW
WASHINGTON (AP)—Sen. McCarthy has tried again his T-formation—throw-in-something-new. It's a play he doesn't waste. It requires good timing and, apparently, the biggest possible audience.

In laying down his 46-point bill of particulars in his feud with the Army, he suddenly threw in the name of a government official who had not publicly figured in the case before, and added new charges.

He said H. Struve Hensel, assistant secretary of defense, had helped work up the Army's case against him in order to bottle up McCarthy because, the Wisconsin senator said, he had been investigating Hensel for "misconduct" in office.

Bound To Get Headlines

Even without mention of Hensel, McCarthy's charges would have guaranteed him front-page play across the nation. The new angle was bound to get him headlines.

Last fall, McCarthy demanded and got free air time to reply to former President Truman's remarks about "McCarthyism." It seemed taken for granted he would talk about Truman. But he spent only about half his broadcast on the ex-President.

Suddenly, he switched to an attack on President Eisenhower's foreign trade program. The reaction lasted for days, including replies from Eisenhower and Secretary of State Dulles.

One Spotlight After Another
This vigorous criticism of the Republican administration not only didn't seem to injure his party standing but very likely boosted audience anticipation of the next time he went on the air.

It was only a few months before he had the chance again. In March Edward R. Murrow, CBS TV commentator, roundly criticized McCarthy's tactics.

Murrow offered McCarthy the free use of his whole program for a reply, if he wanted it. McCarthy in early April accepted.

Starred Nation
The specific things he had to say about Murrow weren't many. It was not a particularly spectacular performance until, without any visible connection with Murrow, McCarthy startled the nation with a question.

He wanted to know why, as he put it, there had been an 18-month delay in developing the hydrogen bomb.

It got headlines and a wide reaction that lasted for days.

JIMMY'S WIFE REJECTS OFFER FOR DIVORCE

LOS ANGELES (AP)—James Roosevelt's estranged wife Romelle rejected his compromise offer of a divorce and half his property. "Just a publicity stunt" was the way she described yesterday her husband's proposal to avert trial of a separate maintenance action in which she makes sensational charges of infidelity.

Roosevelt is seeking the Democratic congressional nomination in the 26th California District at the June 8 primary. His latest proposal in his domestic controversy drew this comment from Arthur E. Schifferman, Mrs. Roosevelt's attorney:

"Apparently Mr. Roosevelt prefers to make emotional appeals to public opinion rather than to leave this matter for judicial determination."

Schifferman also said Roosevelt's offer "is designed to attempt to prejudice the court and to arouse public opinion and sympathy in Mr. Roosevelt's behalf."

The eldest son of the late President now has two matters to be heard in court April 30: a petition amending his own separate maintenance complaint so that it will ask for a divorce instead; a petition to have stricken from the record a letter signed by him in 1945, in which he listed nine infidelities. He has denied any misconduct.

She Doesn't Want Divorce
His desire for a divorce is not new, but his wife has never wanted one, said Schifferman, adding:

"She filed her action for separate maintenance, and she sees no reason for becoming a party to any collusive divorce arrangement."

Roosevelt's latest offer, in effect, proffers half his holdings and net income.

RUSSIANS SAY RED FUGITIVE STOLE MONEY

By STAN HUTCHINSON

CANBERRA, Australia (AP)—The Soviet Embassy accused its fugitive third secretary, Vladimir Petrov, of stealing "large sums" of embassy funds by forgery today and demanded that Australia hand him over as a criminal.

In a note to the Australian government, the embassy said Petrov's story of a widespread Soviet spy plot in this country was without foundation and the mass of "espionage" documents he had given Australian authorities might be forgeries.

Petrov turned himself over to the Australian government early in April and was granted political asylum. Parliament authorized a royal commission to investigate his story of large-scale Soviet spying and the large mass of data he brought with him from the embassy, but Prime Minister Robert G. Menzies said top security officials were convinced his account was authentic.

Constantly Questioned
The Soviet Embassy made public an "unofficial translation" of its note to the Australians. It said Petrov had charge of embassy supply affairs. This contrasted with Menzies' previous announcement that he was the chief in Australia for the MVD, the Soviet secret police.

The government has surrounded Petrov with a strong cloak of police secrecy since his switch to the West and security police have been questioning him constantly. Soviet Ambassador N. I. Gerasimov had charged previously that the Australians kidnapped him.

Two Commonwealth security officers also were questioning Petrov's wife today in Darwin, where she left a Europe-bound plane yesterday morning to join her husband in exile.

DEFEAT THOMAS IN NEW JERSEY BY BIG MARGIN

By JAMES P. HACKETT
NEWARK, N. J. (AP)—Rep. William B. Widnall today hailed his Republican primary election victory over McCarthy booster J. Parrell Thomas as a vote of confidence in President Eisenhower rather than a test of McCarthyism.

"It was not a true test of McCarthyism," said Widnall, who defeated Thomas by a 35,000 to 5,000 vote in the stand-out congressional contest of yesterday's primary election in New Jersey.

"I think the results show that you need more than McCarthy as a platform on which to make a successful run," he said in a victory statement. He said he thought pro-McCarthy sentiment had fallen off recently.

Record Hurt Him
Thomas, who had served seven terms in Congress before he was jailed in 1949 for payroll padding, had campaigned as a "1,000 per cent" supporter of Sen. Joseph R. McCarthy (R-Wis.).

Widnall indicated the record Thomas carried into the election, rather than his support of McCarthy, hurt him at the polls in the state's mostly rural 7th District, traditionally Republican.

"I campaigned as a supporter of President Eisenhower and I believe the vote reflects confidence in what he has been doing," Widnall said.

Most Okayed Bingo
New Jersey voters selected Republican and Democratic candidates in the state's 13 other congressional districts and voted on two gambling referenda.

All major cities and most of the other 566 municipalities in the state authorized local licensing of bingo and raffles for charitable purposes.

Officers also were questioning Petrov's wife today in Darwin, where she left a Europe-bound plane yesterday morning to join her husband in exile.

SAYS DECISION COULD END COAL PRODUCTION

PHILADELPHIA (AP)—The State Supreme Court was told Monday that a ruling holding a coal company responsible for nuisance damages beyond its property lines could probably mean an end to coal production.

The statement was made by Atty. General Segal of Philadelphia, representing the Moffat Coal Co. on an appeal from a damage award of \$1,250 to Joseph J. Waschak and his sister Agnes, of Taylor borough.

Moffat, which leases anthracite mine properties from Glen Alden Coal Co. in Taylor, Scranton, Dickson City and Lackawanna Twp., failed in its attempt to have the verdict set aside in Superior Court.

The Waschaks charged that Moffat set up culm dumps within residential sections of Taylor, knowing that the dumps gave off poisonous gases. They said that shortly painting their house white, it turned black permanently.

Segal said that he didn't see how the coal industry, with the nuisance damage ruling in effect, "can survive this kind of liability."

"Coal production probably would just end," said Segal. "This thing could occur and re-occur without any intentional misconduct or negligence."

Segal asserted that Moffat had operated a breaker and dumped coal in Taylor, a community of 7,000, for 11 years before the Waschaks purchased their home. In this time, he continued, the company "never received any complaint." Use of the coal lands for dumping was a "reasonable and natural use of the land," he argues.

The Waschak's counsel, Raymond T. Law of Scranton, argued that Moffat was liable for damages caused by offensive gases from the culm banks "when they deliberately selected residential sites to establish these banks" while knowing what results could be expected.

State Milk Prices Will Be Unchanged

HARRISBURG (AP)—Pennsylvania's milk prices will remain unchanged despite U. S. government cuts in dairy price supports, a State Milk Control Commission official reported Tuesday.

"We intend to stick with the present regulations," said Commission Chairman Joab K. Mahood. The commission has no plans to conduct statewide hearings on the commonwealth's milk structure at this time, Mahood added.

Reports from Washington indicated that prices of milk in many states had been reduced following the government's action in cutting supports on butter from 90 to 75 per cent of parity.

Senator Byrd Cites Illegal FHA Loan

WASHINGTON (AP)—Sen. Byrd (D-Va.) said Tuesday a government housing official "guaranteed 24 million dollars in loans" on Glen Oaks Village in Queens County, New York, although the apartment project cost only 20 million.

Byrd said he had been unable to get an explanation of why this was done, and called it a clear evasion of a law that limited such loans to a maximum of five million dollars.

Furthermore, tax officials have hundreds of similar examples of "unconscionable distribution of profits" and "windfalls" under federal housing programs, Byrd declared.

Byrd's comments came as his committee on reduction of non-essential federal expenditures began an inquiry into reports of multi-million dollar scandals in the federal housing program.

Parachute Help To Trapped French Army

HANOI, Indochina (AP)—The thousands of valiant defenders of Dien Bien Phu—trapped by encircling hosts of Communist-led Vietnamese troops—received fresh strength from the skies Tuesday.

American-supplied Dakotas and Flying Boxcars, piloted by American civilian flyers, swooped low through curtains of fire from rebel artillery and antiaircraft batteries to parachute tons more ammunition, food and water material of all types into the long-besieged French Union bastion.

Despite cloudy, rain-laden skies which forced war planes to curtain radically their assaults on rebel positions, fighters firing rockets and heavy machine guns tried to knock out the Vietnamese antiaircraft guns. They gave cover to the low-flying transports dropping more supplies for the garrison, battered by two all-out rebel assaults since March 13 and constant local Vietnamese attacks in the intervening weeks.

Widow Of "Uncle Wiggley" Writer Dies

NORTHAMPTON, Mass. (AP)—Mrs. Lillian C. Garis, verse writer for the Newark (N. J.) News more than a half century ago and wife of the originator of the "Uncle Wiggley" children stories, is dead at 81.

Mrs. Garis, who died on Monday at Cooley-Dickinson Hospital, also wrote several Girl Scout books under various pen names.

A native of Cleveland, Ohio, she worked as verse writer for the Newark newspaper from 1895 until 1900, when she was married.

She took an active part in the suffrage movement and in World War I relief work.

Survivors, in addition to her husband, include a son, Roger C., of Amherst, and a daughter, Mrs. John J. Clancy of South Orange, N. J.

WOMAN, 96, DIES

COATESVILLE, Pa. (AP)—Mrs. Margaret Weldon Wood, active in Chester County civic affairs, died at her home near Coatesville on Monday. She was 96.

A former president of the Caln Twp. school board, she led the successful campaign to eliminate the one-room school there. She was a former secretary of the Chester County School Directors Assn. and was the president of the Downingtown Visiting Nurse Assn.

She was the widow of Morris T. Wood, who died in 1946. A daughter, Miss Elizabeth Wood, survives. Services will be held Thursday. Burial will be in Northwood Cemetery, Downingtown.

CHARGE FRAUD IN '53 ELECTION

LOCK HAVEN, Pa. (AP)—A warrant charging fraud in the 1953 local election in nearby Flemington was issued Tuesday against Mrs. Helen Chapman, 52, Democratic minority inspector of the Flemington election board.

The warrant, issued by Alderman John T. Wynne, Lock Haven, was given to state police detectives to serve. Marshall Morgan, Philadelphia attorney, and special prosecutor in the Flemington election case, ordered the warrant issued.

The original count of the 1953 election showed election of four Democrats to borough offices. A recount reversed the result and gave the victory to the Republican candidates.

Judge Abraham H. Lippe said at the time of the recount it showed there had been "gross error, if not fraud."

Morgan was appointed by Atty. Gen. Frank F. Truscott as special prosecutor in the investigation of the Flemington election case.

TOKYO (AP)—Red China's delegation to the Geneva Conference, headed by Premier-Foreign Minister Chou En-Lai, left by plane for Switzerland Tuesday, Peiping Radio reported.

Sen. Monroney Cites "Confusion" In GOP

PRINCETON, N. J. (AP)—U. S. Sen. A. S. Mike Monroney (D-Okla.) says President Eisenhower could rally support even from Democrats if he establishes his leadership of the Republican party.

The President, Monroney said Monday night, has failed to show that he is head of the GOP, and not Sen. Joseph R. McCarthy (R-Wis.).

The Republican party, the Democratic senator went on, "is a party divided against itself and against the leader."

As a result, he added, there is much confusion between "Eisenhower the man and the Republican administration—between the White House, the Cabinet and the Congress."

OIL CITY, Pa. (AP)—Republican leaders in seven northwestern counties prepared today to step up their campaign drives after meeting with organization candidates for state offices.

Lt.-Gov. Lloyd H. Wood, seeking the GOP nomination for governor, met last night with party workers from Venango, Erie, Crawford, Mercer, Warren, Forest and Clarion Counties.

PHILADELPHIA (AP)—A fire sent heavy black smoke through the central city district Tuesday and destroyed two bars and expensive furniture in a downtown night spot, the Cambridge Club.

McCarthy-Army Row Broadens To Take In Asst. Secretary Of Defense Hensel On New Charge

By JOHN CHADWICK

WASHINGTON (AP)—The swirling McCarthy-Army row had been broadened, on the eve of the long-heralded public hearings, to include a top defense official and accuse him of trying to head off an investigation for misconduct.

The latest charge fired by Sen. McCarthy was that Asst. Secretary of Defense H. Struve Hensel joined with Secretary of the Army Robert T. Stevens and Army Counsel John G. Adams in trying to "discredit" the Senate investigations subcommittee McCarthy headed.

Hensel, a government official for much of the time since 1941, was named to his present post by President Eisenhower and confirmed by the Senate without objection on Feb. 19.

"Bare-faced lies," he shot back to a statement by McCarthy saying that he was seeking to dodge investigation "for misconduct and possibly for law violations." He accused the senator of an "at-tempted smear . . . a diversionary move."

Hensel also challenged McCarthy to repeat his accusations in some forum where he would not have the immunity which covered the formal statement to the subcommittee. If McCarthy does that, Hensel said, "I will guarantee a law suit."

McCarthy in Houston, Tex., for a speech late today, said, "I wouldn't cooperate in any delay like that," and he added:

Drew \$56,526 In War

"Hensel knows it would take years to do this in a trial. We will be under oath when the committee hears this case and the witnesses will be under oath. He can call any witnesses he wants to."

"After that's over . . . I can see no reason why I shouldn't repeat

M'CARTHY TO SPEAK IN TEXAS

HOUSTON, Tex. (AP)—Sen. Joseph R. McCarthy came to an American shrine of battle today to deliver a last-minute speech before the start of his own bitter clash with the Army.

He refused to discuss the contents of the speech.

But he evidently was attaching more than usual importance to it. Long after midnight, he was still "working like hell on the manuscript," as a friend sitting beside him put it. McCarthy said earlier he had already dictated a two-hour draft, but hadn't decided how much to retain.

He speaks at the site of the battle of San Jacinto. Here, 118 years ago, a small band of Texans defeated Mexican forces in the third and final battle of Texas' bid to become an independent nation.

The invitation was extended to McCarthy by the San Jacinto chapter of the Sons of the Republic of Texas.

BANK FACTS FOR YOU

What is a sound loan?

In passing on applications for credit, we consider the most important factors to be: whether the loan purpose is worth-while, and likely to benefit both the borrower and the community; and whether the applicant is of good character, has a record of paying bills promptly, and has a dependable source of income from which to repay the bank. A loan that meets these tests we consider basically sound.

Our simple credit requirements are in the interest of our depositors, whose money we lend, and the community we serve, as well as the borrower himself. We'll welcome your loan application.

this stuff. . . If at some future time he still wants a lawsuit—and I don't think he will—I see no reason why not have one."

The McCarthy statement said his investigators have established that Hensel drew at least \$56,526 in three World War II years from a private ship supply firm operating with government priorities. Hensel was then a high Navy official.

Agree On Rules

Hensel replied: "The allegations that there has been anything illegal or even unethical in my financial or governmental history is both malicious and dishonest . . . Sen. McCarthy knew he was lying . . ."

Against this background, the investigations subcommittee agreed on rules for its hearings on the controversy and announced they will start on schedule tomorrow morning. Coverage is planned by major television networks.

McCarthy previously had turned over the subcommittee chairmanship for the inquiry to Sen. Mundt (R-SD). Under an agreement reached yesterday, he will be replaced temporarily as a member by Sen. Dworshak (R-Idaho).

Permit Cross-examination

The rules adopted by the subcommittee, however, will permit McCarthy and Army representatives to engage in direct cross-examination of witnesses. McCarthy had strongly urged this procedure.

Mundt said the Army will present its side of the dispute first.

Hensel's name was injected into the case yesterday in McCarthy's 5,000-word "bill of particulars" replying to Army charges that he and two of his aides tried by "improper means" to win preferential treatment for Pvt. G. David Schine, a former subcommittee consultant.

McCarthy, submitting the statement for himself and the two aides under attack, Roy M. Cohn, the subcommittee's chief counsel, and Francis Carr, its staff director, said Hensel wanted to discredit the subcommittee because he himself was under investigation.

what! my line?

Yes, your line is an ideal telephone party line because you:

- space your calls
- keep calls reasonably brief
- replace the receiver carefully
- release the line promptly in emergencies

You use your telephone "sharingly." Your party line neighbors thank you and your service is better
